

To be installed by a certified electrician!

Ensure that the power has been disconnected at the source.

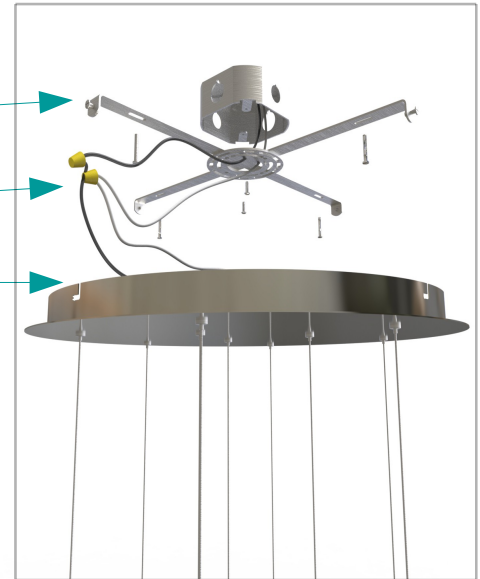

A Connect the mounting bracket to the junction box (required!). Add screws as needed.

B Connect the wires.

C Align the canopy with the screws push up and rotate.

D Tighten all the screws.

NOTE: do not release the canopy until the screws have been tightened.

Pendant Installation

Do not attach pendants until canopy installation is completed.

A Slide part A up the wire.

B thread part B

C Insert the LED bulb(C) into part B.

Please note that the bulbs run in series, so they will only function with all LED bulbs correctly installed.

Turn on the light
