

TV STAND

ASSEMBLY INSTRUCTION

1. Before installation, please read the Assembly Instruction carefully.
2. Please check whether the Parts and Hardware are consistent with the list.
3. It is normal for the sealed environment to smell, not a product quality.

WARNING:

TIPPING HAZARD. This TV stand may tip over if a heavy TV or items are placed unevenly, causing serious injury. Always secure it to the wall using Part D (safety wall strap) provided. Never allow children to climb on the stand or hang from doors.

Layout Parts on Soft Surface

Lay out all parts on a soft surface i.e. Rug, Carpet or Packaging Carton

Assembly Details

45 mins

Approximate Assembly Time

2 person assembly

Floor Area:

1.8X1.8 meters

Required Assembly Space

Required Assembly Tools Phillips-Head Screwdriver

Tips Before you Start

1. Please check that all parts are present before you start the assembly of your furniture.
2. For ease and speed of assembly, we recommend that before you commence each step of the assembly, that you identify all the parts required for that step.
3. We recommend that, where possible, all items are assembled near to the area in which they will be placed in use, to avoid moving the product unnecessarily once assembled.
4. For the protection of your furniture, we recommend that the product is placed on a protected surface during assembly to prevent any damage.
5. During assembly please take care not to over-tighten any fittings, as this may damage the product. Do not use power tools.
6. Always place the product on a flat, steady and stable surface.
7. Do not stand on the product. Do not use the product as a stepladder.
8. Please use caution and care when lifting the product to avoid personal injury and/or product damage.

Care and Maintenance

- Upon completion of assembly, ensure all screws, bolts, and fastenings are tight.
- Never clean with abrasive ammonia base, bleach base or spirit type cleaners.
- Use only replacement parts supplied by manufacturer.

WALL

STEP 13

Mark the wall at the height matching the pre-drilled holes on the back panel (Item 5).

Drill a 1/8" hole, insert a wall anchor (if needed), then drive Part D through the safety strap and into the wall.

Tighten until the stand is firmly attached to the wall. Repeat for the second strap.
