Envelope Arm Chair - GC0372A

PRODUCT SUMMARY

Collection: Any Finish, Guy Chaddock

Features: Envelope chairs are a modern form: upholstery wraps in a sinuous line from seat to back. Guy Chaddock's Envelope Dining Chair adds a dash of traditional provenance and lots of comfort. Note the serpentine back and curved top rail. These design features promise comfort and do not disappoint. Because our envelope chair honors both tradition and modernity, it works beautifully in so many design plans.
