

Installation Steps:

1. Assemble three square metal frames to the rectangular metal frame.
2. Screw the screw to fix the frames by screwdriver (Not Included).
- 3-4. Assemble the downrod to connect the light fixture (assemble the number of the rods according to your needs).
5. Assemble the downrod to the adapter connector.
6. Assemble the adapter connector to the canopy with screw nut and lock washer.
7. Connect the lamp wires with the lead wire with wire nut. (U.S. -- black for "L", white for "N", copper wire for "Ground")
- 8-9. Place the mounting bracket to the ceiling, and mark the screw position, drill the holes, stuff the expansion screw pipe into the hole, fix the mounting bracket on the ceiling with screw by screwdriver (not included)
10. Connect the power wire with lead wire with wire nut. (U.S. -- black for "L", white for "N", copper wire for "Ground")
11. Fix the light fixture to the mounting bracket of the ceiling.
12. Screw the screw ring to fix the lampshade.
13. Install the bulbs (not included).

Attention:

1. Please disconnect the power supply until you finish the installation, we recommend installation by a licensed electrician.
2. Please allow a little color difference due to different monitor and 1-2cm error due to manual measurement.
