

ASSEMBLY AND INSTALLATION INSTRUCTIONS

WARNING: TO AVOID RISK OF ELECTRICAL SHOCK, BE SURE TO SHUT OFF POWER BEFORE INSTALLING OR SERVICING THIS FIXTURE.

Before You Begin:

- Ensure power is turned off at the circuit breaker before installation.
- Read all instructions carefully.
- Installation should be performed by a qualified electrician if you are unfamiliar with wiring.

Step-by-Step Installation:

1. Secure the mounting plate to the U.S.-standard junction box using the provided screws.
 2. Connect Electrical Wires
 - Use wire connectors to connect the black (hot) wire to the black wire, the white (neutral) wire to the white wire, and the ground wire to the grounding terminal.
 - Ensure no exposed conductors remain outside wire connectors or outside the junction box.
 3. Secure the canopy to the mounting plate using the decorative finial nuts.
 4. Adjust the main wire to the desired length, and secure it by tightening the screw.
 5. Press the release tabs, and adjust the steel suspension wires to the desired length.
 6. Remove the rubber grommet from the threaded nipple, and insert the threaded nipple through the crystal finish. Reattach the grommet, and secure the crystal in place.
 7. Install the crystals uniformly (with the long end facing downward) into the holes on the fixture ring.
 8. Restore the power, and verify the light operates correctly.
- Installation Complete

Safety Instructions:

To avoid fire, shock, and serious personal injury, follow all instructions carefully.

1. Do not install or use the light fixture if any part is missing or damaged.
2. To avoid possible electrical shock be sure electricity is turned off at the main fuse or circuit breaker box before wiring.
3. Make certain no bare wires are exposed outside the wire connectors.
4. All wiring must conform to national and local electrical codes.
5. Follow the recommended instructions for the proper method of wiring your new light fixture. If you feel you do not have enough electrical wiring knowledge or experience, have your light fixture installed by a licensed electrician. Any electrical work not described in this manual should be performed by a licensed electrician.
