ASSEMBLY AND INSTALLATION INSTRUCTIONS

WARNING: TO AVOID RISK OF ELECTRICAL SHOCK, BE SURE TO SHUT OFF POWER BEFORE INSTALLING OR SERVICING THIS FIXTURE.

Before You Begin:

- Ensure power is turned off at the circuit breaker before installation.
- Read all instructions carefully.
- Installation should be performed by a qualified electrician if you are unfamiliar with wiring.

Step-by-Step Installation:

1.Secure the connector rod to the fixture body.
2-3.Slide the glass column onto the connector rod, then place the tube cap over it. Fasten with the hanging loop to secure.
4.Adjust the chain to the desired length. Feed the fixture wires through the chain and the canopy. Use quick links to connect the chain to the fixture loop and the canopy loop.
5.Attach the mounting plate to the junction box using the mounting screws.
6.Wiring Connections
·Use wire connectors to connect the fixture's positive wire, negative wire to the corresponding wires from the junction box. Connect the ground wires to the grounding terminal.
·Ensure no exposed conductors remain outside wire connectors or outside the junction box.
7.Secure the canopy to the mounting plate with the nuts.
8.Use the straight tube to fasten the glass ball and the small disc onto the metal frame.
9.Install the glass shade onto the socket and secure it with the socket ring.
10.Install light bulbs (bulbs not included).
11.Turn on the power to verify normal operation.
Installation Complete.

Safety Instructions:

To avoid fire, shock, and serious personal injury, follow all instructions carefully.
1. Do not install or use the light fixture if any part is missing or damaged.
2. To avoid possible electrical shock, be sure electricity is turned off at the main fuse or circuit breaker box before wiring.
3. Make certain no bare wires are exposed outside the wire connectors.
4. All wiring must conform to national and local electrical codes.
5. Follow the recommended instructions for the proper method of wiring your new light fixture. If you feel you do not have enough electrical wiring knowledge or experience, have your light fixture installed by a licensed electrician. Any electrical work not described in this manual should be performed by a licensed electrician.
