Assembly Instructions

Caution : You must read this before you proceed

Care & Maintenance

- Not for commercial use. For residential use only.

- Furniture may scratch floors. We recommend using furniture pads to protect your floors.

- Do not put hot items directly on furniture surface.

- Do not clean furniture with harsh cleansers or polish.

- Do not place furniture under direct sunlight.

- Do not place furniture near heating or cooling vents.

- Do not write on furniture without a padded barrier to protect the surface.

- Do not place furniture outside . For indoor use only.

- Stains may be removed with mild soap solution and damp cloth.

- Children should not climb or jump on the furniture.

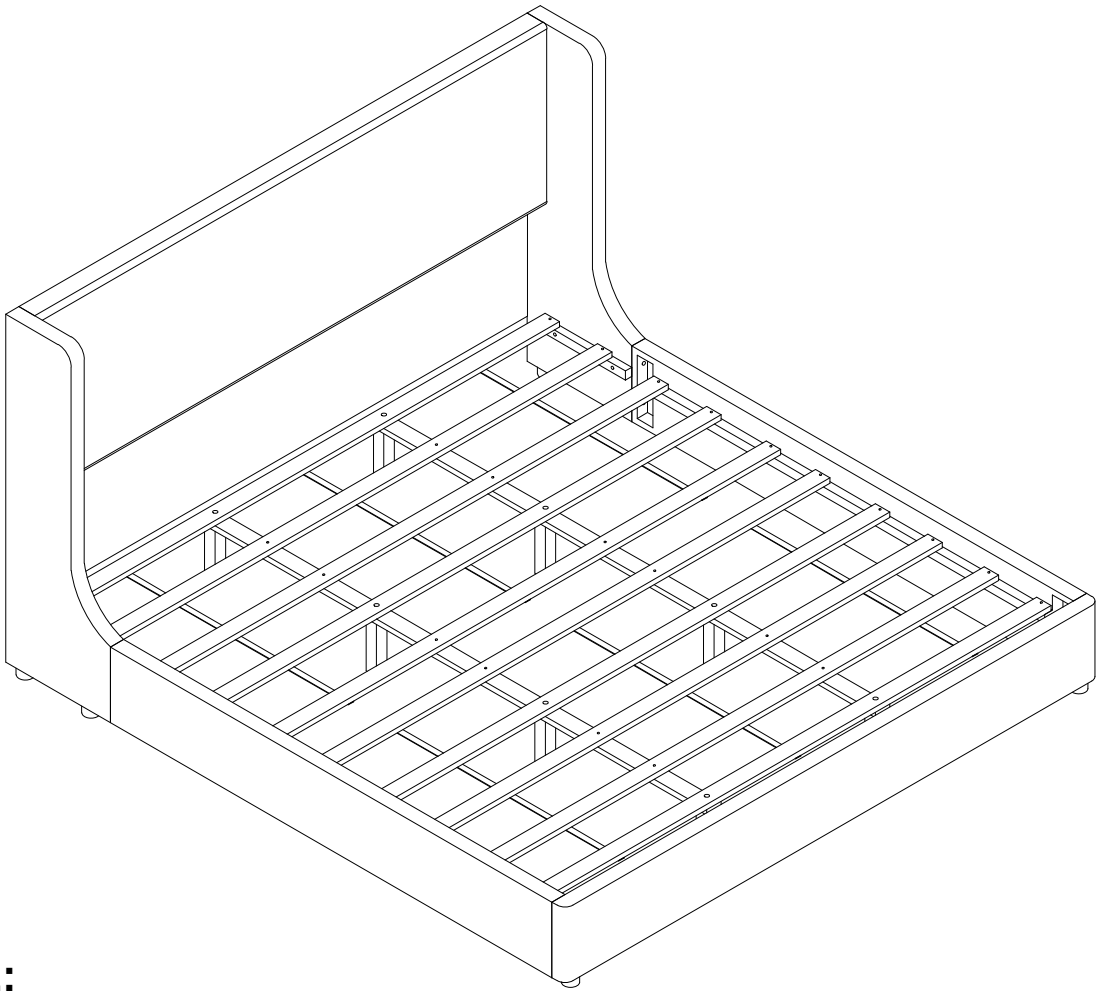

- Dust and pick-up spills using a clean, non-colored, lint-free cloth.

WARNING

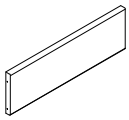

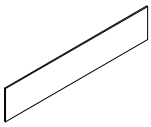

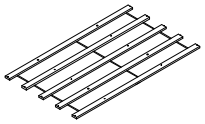

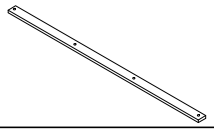

STRANGULATION HAZARD.

NEVER place bed near windows where cords from blinds or drapes may strangle a child.
NEVER suspend strings over bed.
NEVER place items with a string, cord, or ribbon, such as hood strings or pacifier cords, around a child's neck. These items may catch on bed parts.
ALWAYS follow assembly instructions.

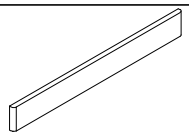

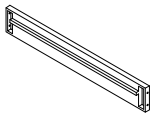

NOTE:
This is a large bed. A minimum of two adults is required for assembly.
This bed is NOT a toy.
Keep children away during the assembly process.
The bed is heavy.
To prevent personal injury or damage to the product, a minimum of two adults is required whenever moving or lifting the bed.

Part List : N761P534624

Label	Picture	Description	QTY
A1		Upper Headboard	**1**
A2		Lower Headboard	**1**
B1		Left Side of the Headboard	**1**
B2		Right Side of the Headboard	**1**
G		Slats	2 set
H		Center rail	**2**
E		Slat support rail	**2**

Part List : N761P534625

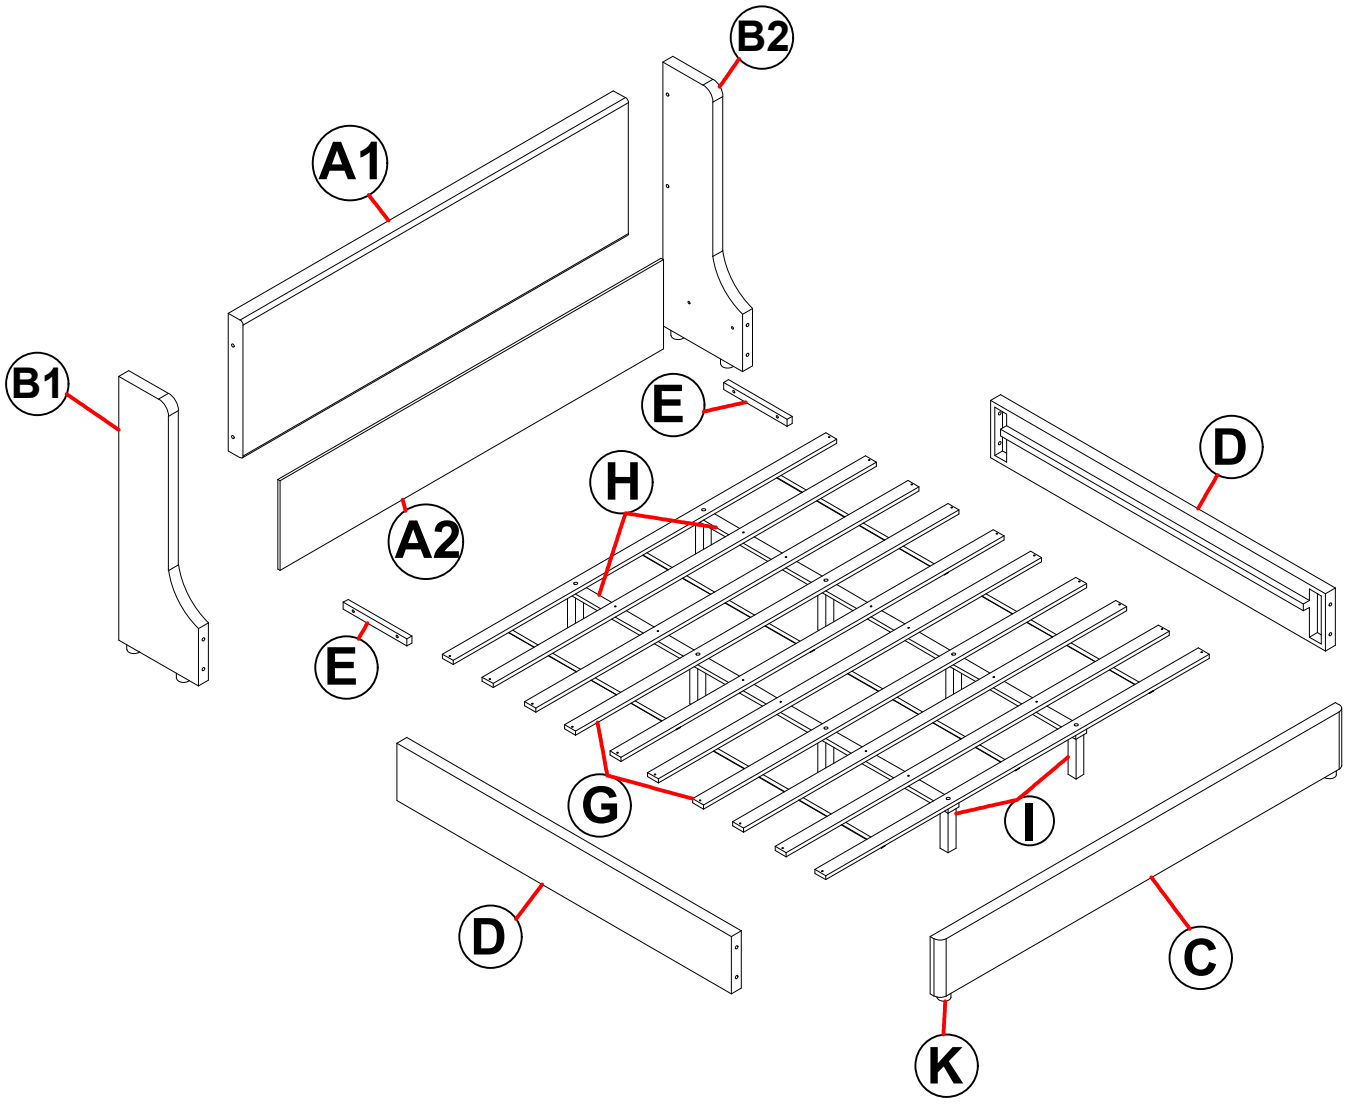

C		Footboard	**1**
D		Side Rail	**2**
I		Center legs	**8**
K		Bed Legs	**6**
		Hardware	**1**

Hardware

Label	Picture	Description	QTY
1		Double-Ended Bolt (5/16 x 80mm)	12+1
2		Bolt (5/16 x 60mm)	8+1
3		Bolt (1/4 x 45mm)	4+1
4		Screw (M4x 30mm)	40+1
5		Screw (M4x 15mm)	16+1
6		Metal Connecting Bar	6
7		Flat Washer (5/16)	20+1
8		Spring Washer (5/16)	20+1
9		Flat Washer (1/4)	4+1
10		Spring Washer(1/4)	4+1
11		Allen Wrench	1
12		Hex Nut (5/16 X 6 MM)	12+1
13		Open-end Wrench (90 x 12 mm)	1

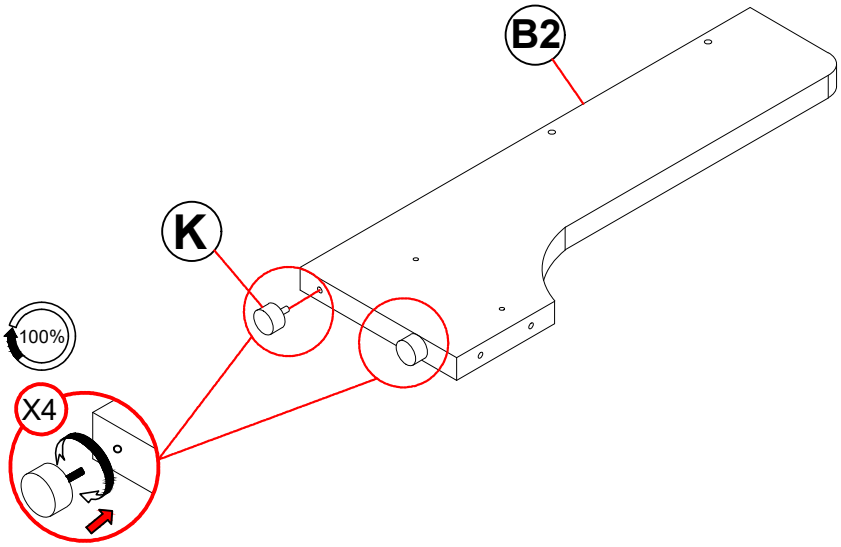

Assembly Steps

Overview

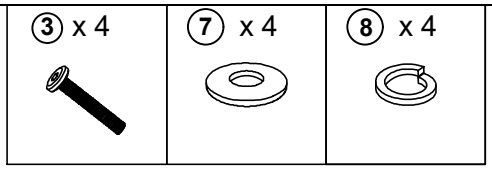

This Bed has multiple parts and may require up to 30 minutes to assemble. To give you an overview of the Bed parts, the above picture is provided to help you put the various parts into perspective. Please read through the instructions below to familiarise yourself with the parts and steps before assembly

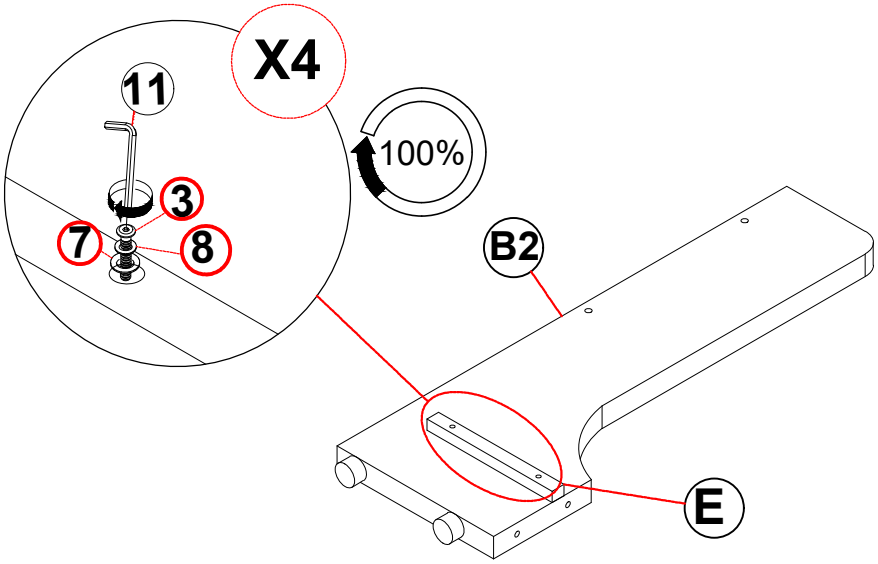

STEP 1

Insert Part (K) into Part (B2) as shown in the illustration. Rotate Part (K) clockwise to lock it securely and firmly connect the two parts together. Repeat the same procedure for Part (B1).

STEP 2

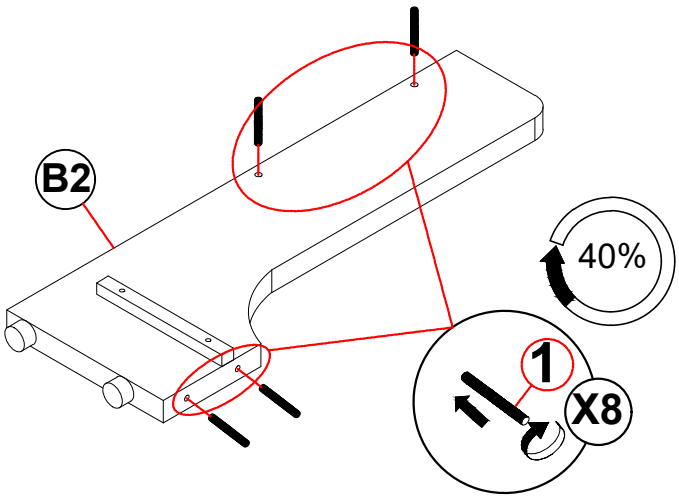

Position Part (E) onto Part (B2) in the correct location, as shown in the illustration. Secure it using Bolt (3), Spring Washer (8), and Flat Washer (7), then tighten it with the Allen Wrench (11). Repeat the same procedure for the remaining Part (B1) and Part (E).

STEP 3

① x 8

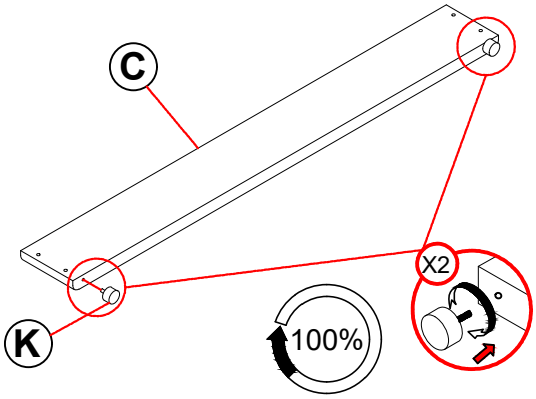

Insert Bolts (1) into the positions shown in the illustration. Hand-tighten them by turning clockwise.
NOTE: Tighten the bolts to approximately 40% only. Do not fully tighten them at this stage.
Repeat the same procedure for Part (B1).

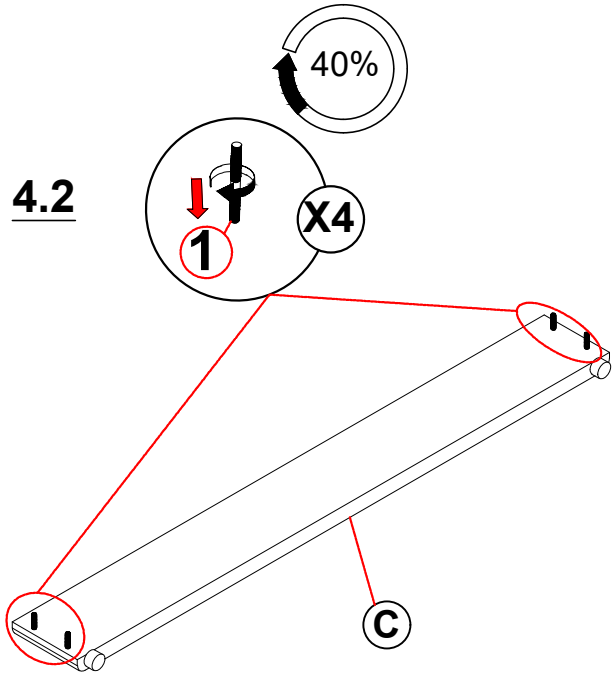

STEP 4

① x 4

4.1

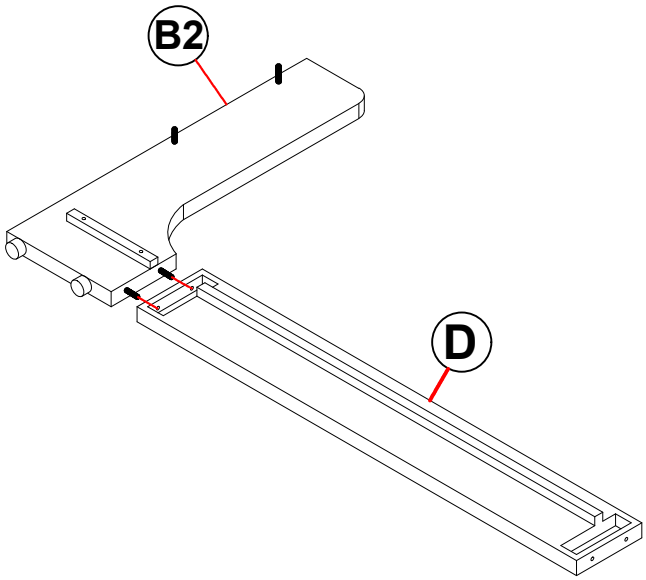

4.2

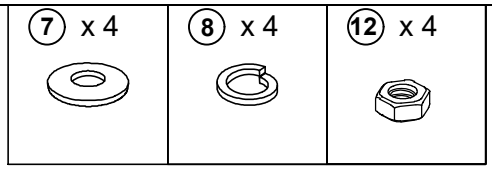

4.1 Insert Part (K) into Part (C) as shown in the illustration. Rotate Part (K) clockwise to lock it securely and firmly connect the two parts together.
4.2 Insert Bolts (1) into the positions shown in the illustration. Hand-tighten them by turning clockwise.
NOTE: Tighten the bolts to approximately 40% only. Do not fully tighten them at this stage.

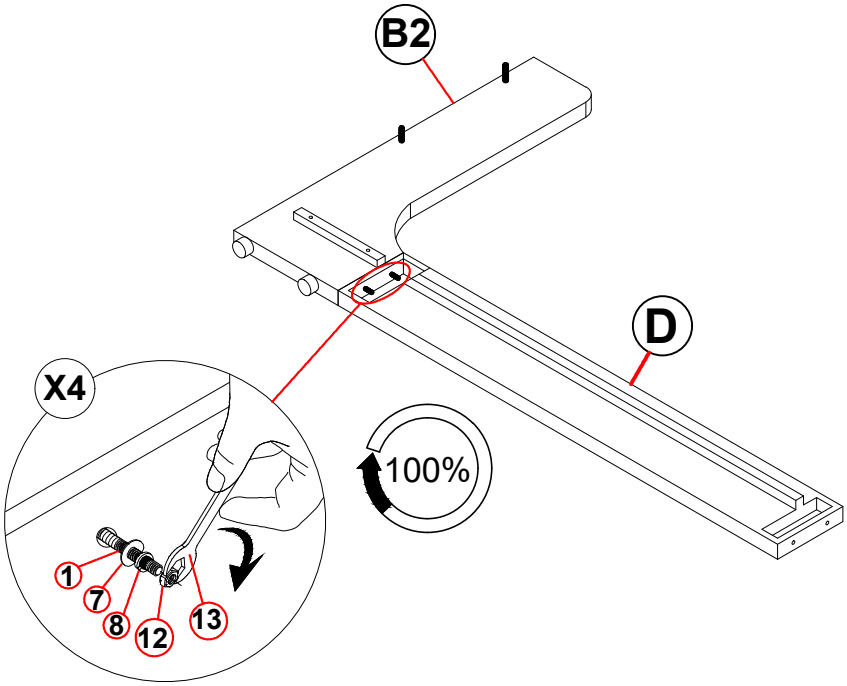

STEP 5

Insert the assembled Part (B2) into Part (D) as shown in the illustration. Repeat the same procedure for the remaining Parts (B1) and (D).

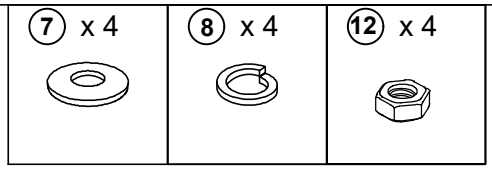

STEP 6

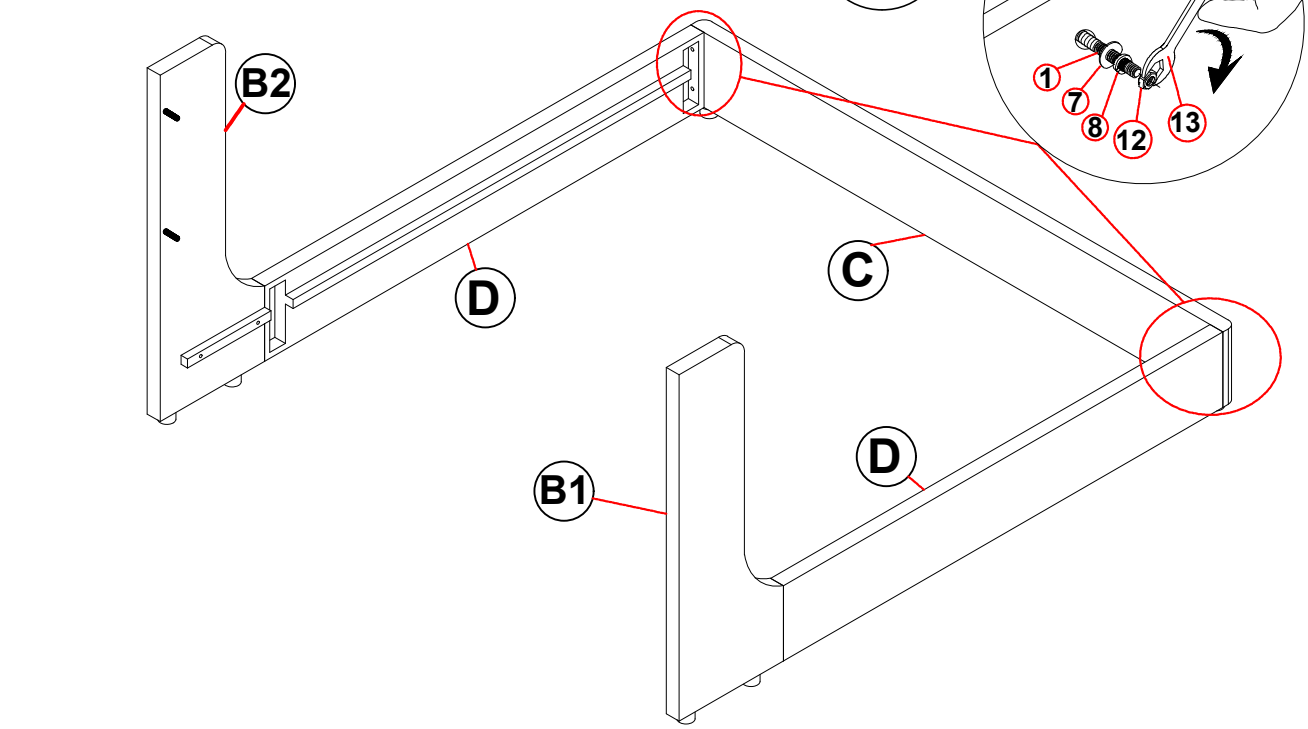

Secure Part (B2) to Part (D) using Hex Nut (12), Spring Washer (8), and Flat Washer (7) as shown in the illustration. Then tighten them with the Open-End Wrench (13).
Repeat the same procedure for the remaining Part (B1) and Part (D).

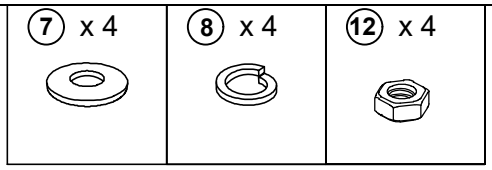

STEP 7

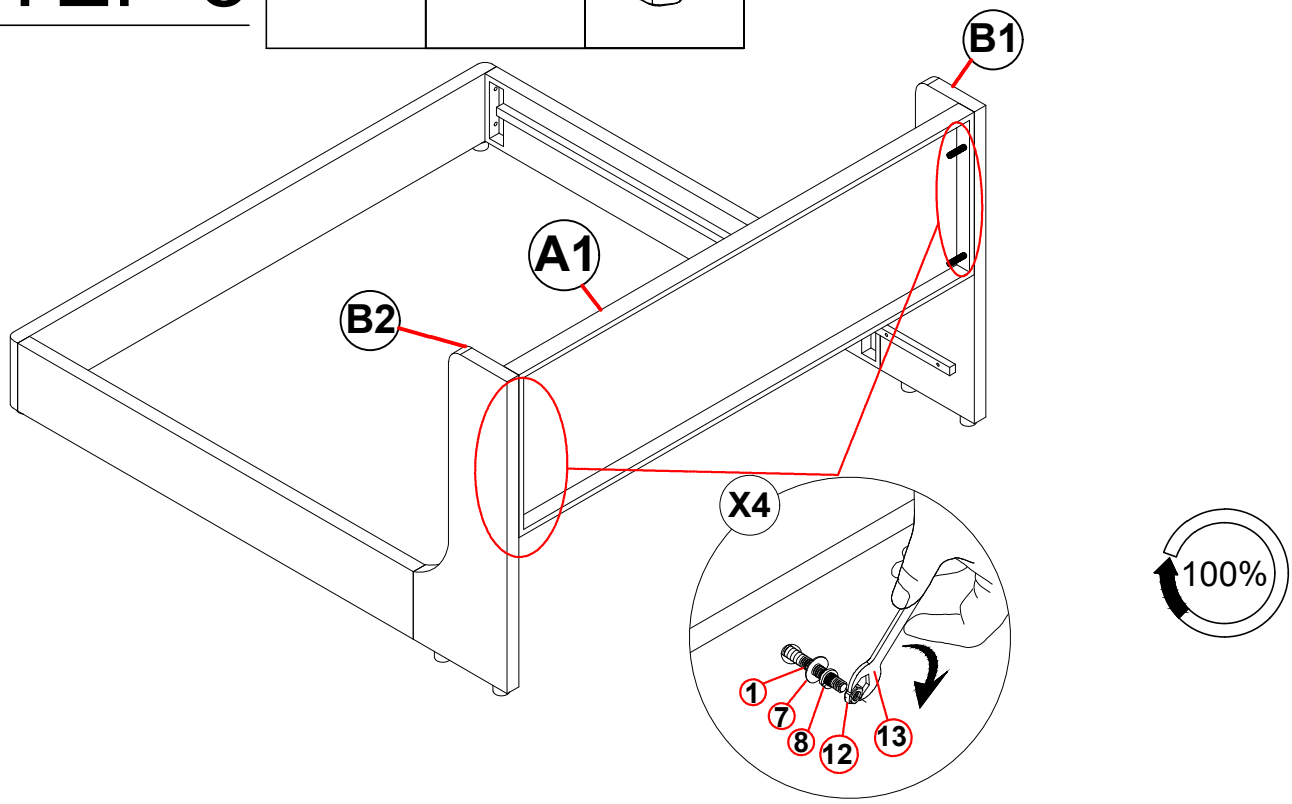

Insert the assemblies of Parts (B1) and (D) and Parts (B2) and (D) into the designated positions on Part (C). Secure them using Hex Nuts (12), Spring Washers (8), and Flat Washers (7) as shown in the illustration. Then tighten them with the Open-End Wrench (13).

STEP 8

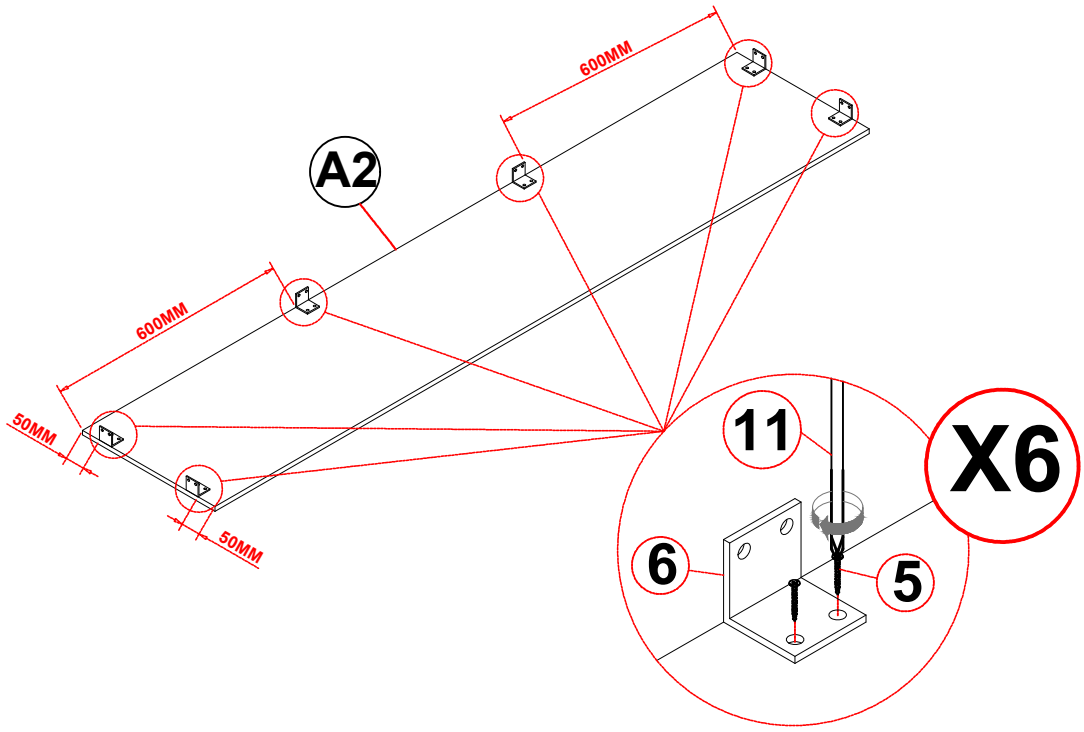

Insert Part (A1) into the designated positions on Parts (B1) and (B2), which are fitted with double-ended bolts(1). Secure them using Hex Nuts (12), Spring Washers (8), and Flat Washers (7) as shown in the illustration. Then tighten them with the Open-End Wrench (13).

STEP 9

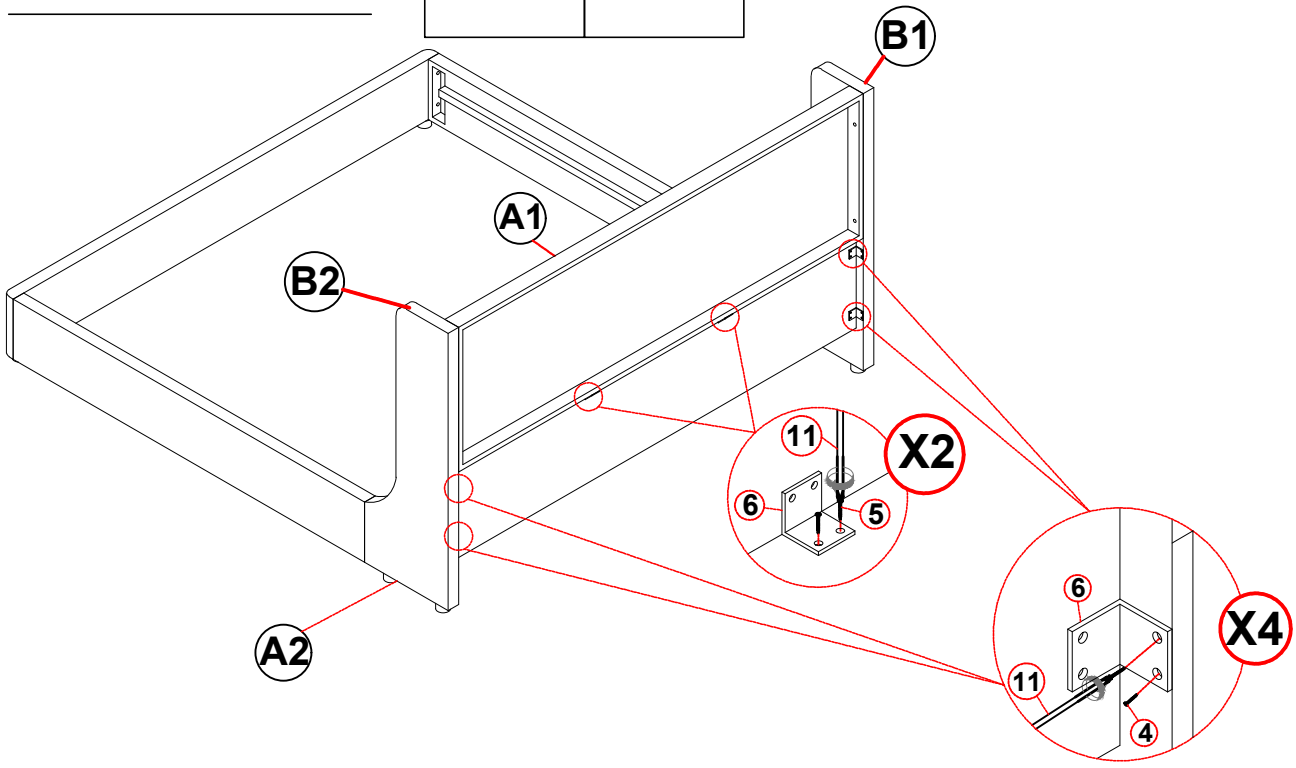

⑤ x 12	⑥ x 6
	

Place the Component Assembly (A2) on a flat surface with the back side facing upward. Position the Hardware (6) as shown in the illustration. Secure it firmly using Screw (5) and Allen Wrench (11).

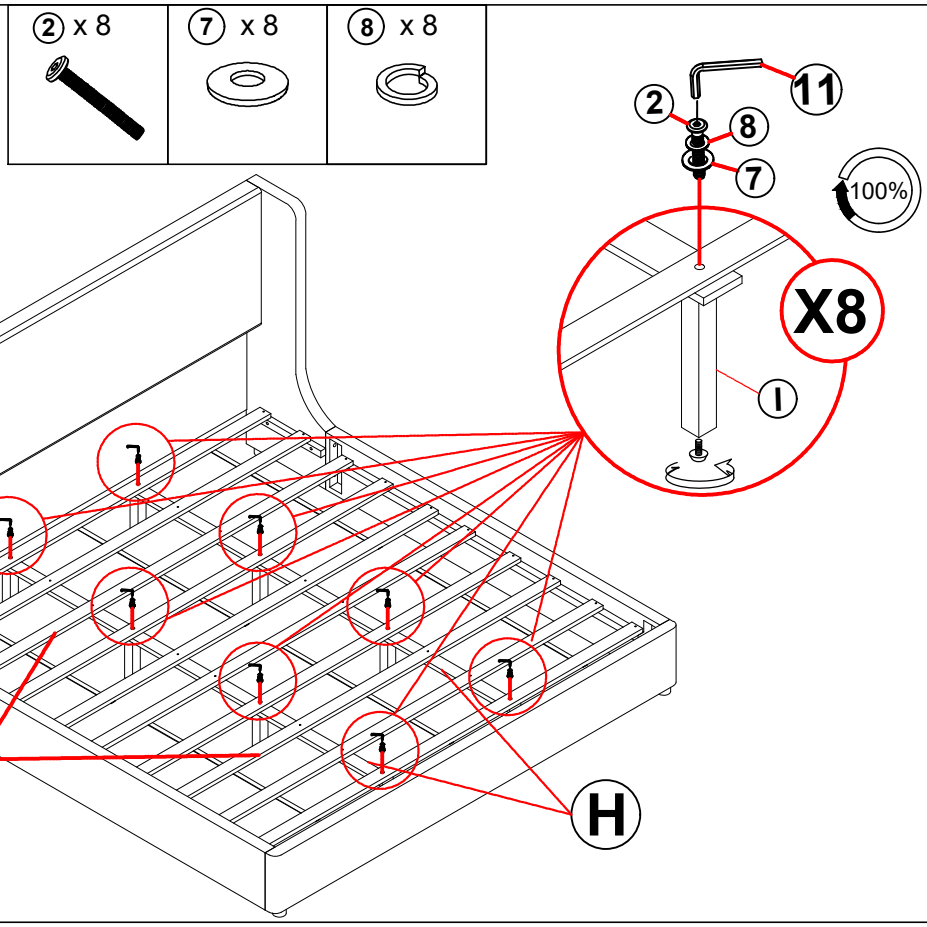

STEP 10

⑤ x 4	④ x 8
	

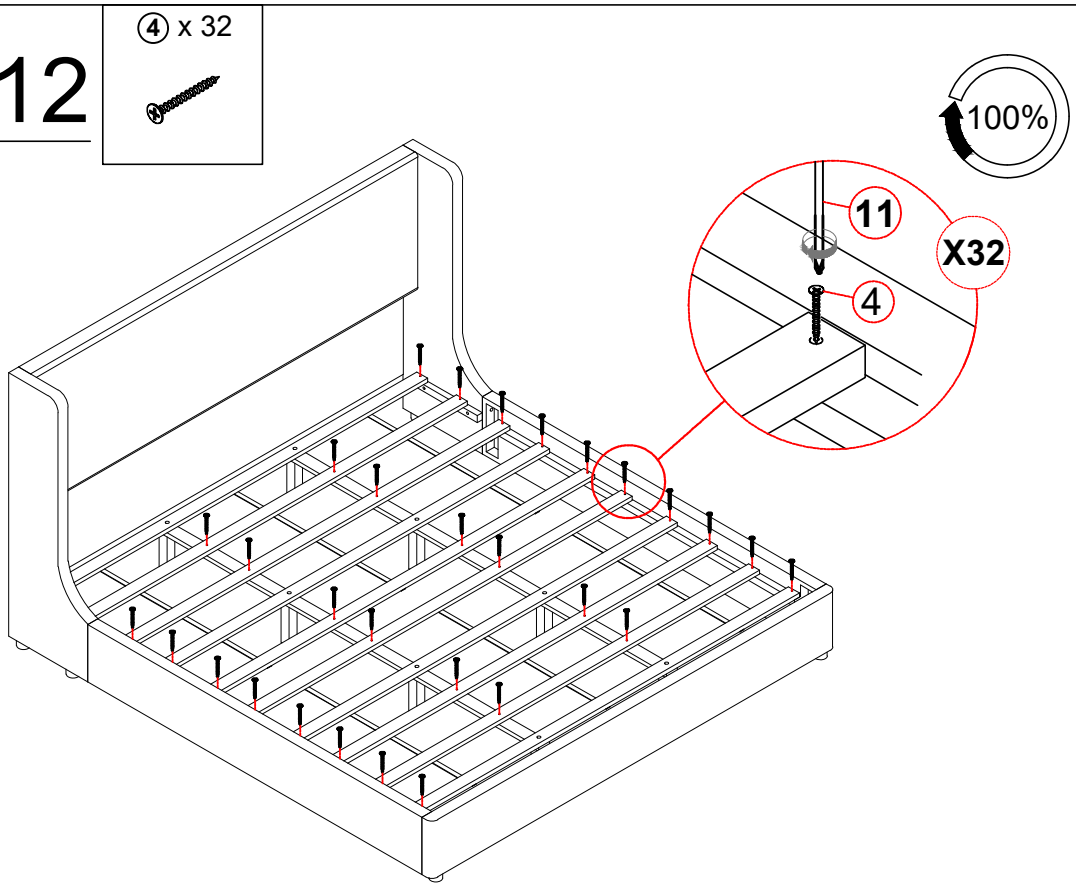

Insert the assembled Part (A2) with Hardware (6) installed into the designated position as shown in the illustration. Adjust it so that Hardware (6) is flush with the back surfaces of Parts (A1), (B1), and (B2). Secure it firmly using Screws (5) and (4) with the Allen Wrench (11).

STEP 11

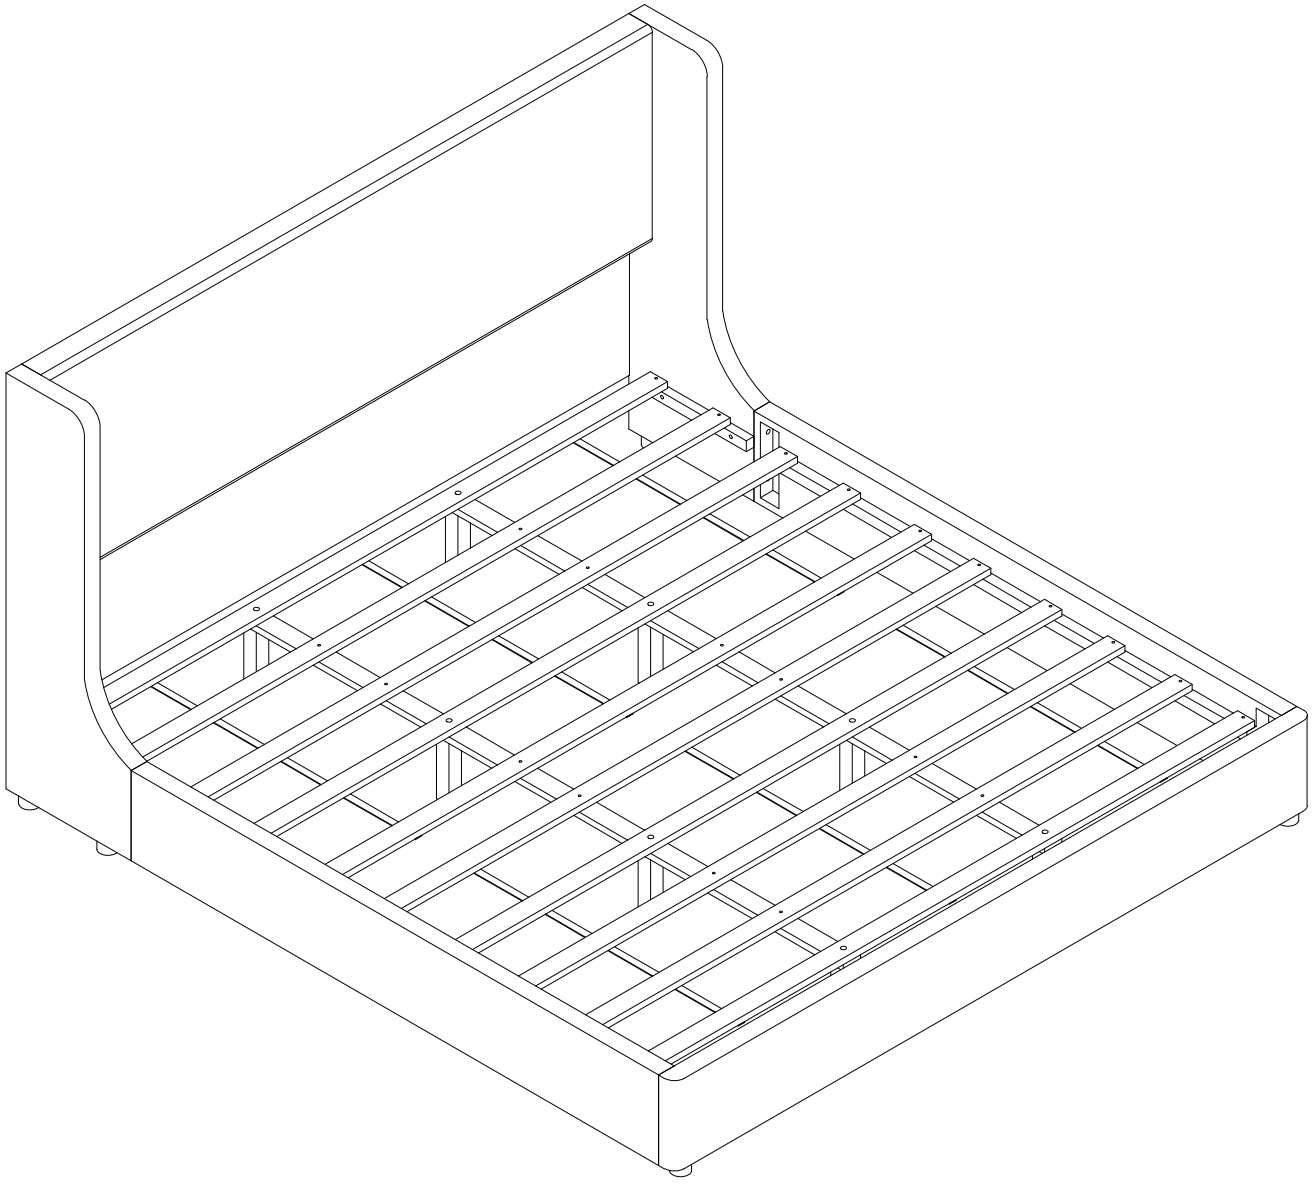

Place Parts (G), (H), and (I) inside the bed frame.
Align Part (H) with Part (I) and Parts (G), as shown in the illustration.
Secure Parts (H) and (G) to Part (I) using Bolts (2), Spring Washers (8), and Flat Washers (7), then tighten them with the Allen Wrench (11).

STEP 12

Attach all Slats (G) to Part (D) and Part (H) using Screws (4) and the Allen Wrench (11), as shown in the illustration.

COMPLETED ASSEMBLY

Place the bed on a level surface.
Inspect it and make sure all parts are properly assembled and securely connected.
Do not push or shake the bed excessively. This will help align all parts at the connection points.
CAUTION 1: When tightening the screws, tighten them sequentially. DO NOT fully tighten one screw before tightening the others. Doing so may cause the bed frame to warp. If the bed still wobbles, loosen all screws and repeat the same procedure. DO NOT fully tighten any screw until all screws have been installed and properly aligned.
WARNING: IF THE BED IS NOT STABLE, IT MAY RESULT IN DAMAGE TO THE PRODUCT.
Ensure all screws are fully tightened and securely locked in place.
The bed is now ready for use.
CAUTION 2: The adjustable leveler on the Center Leg (I) can be adjusted to achieve proper height and stability.
CAUTION 3: This bed is designed for use only on a flat, level surface.
