Installation Steps:

1. Before starting the installation, please ensure that the power supply is turned off.
2. Install the mounting bracket onto the junction box with screws.
3. Connect the fixture's wires to the power supply wires:
Black wire (or brown wire): connect to the live wire (L).
White wire (or blue wire): connect to the neutral wire (N). Secure the connections with wiring nuts.
4. Install the canopy onto the mounting bracket and fix it with screws.
5. Assembly of the lampshade components
6. Install the light bulb.
7. Turn on the power. The installation is completed

Warning!

1. Installation should be performed by a professional.
2. To prevent electric shock, please turn off the power before installing, repairing, or cleaning the light fixture.
3. This light fixture operates within a 110V to 265V range only.
4. Do not install the light fixture in damp conditions.
5. Keep the light fixture away from acidic and corrosive materials.
6. Due to creasing from packaging, the suspension wires of the pendant light require two weeks to gradually straighten after installation.
