

ASSEMBLY MANUAL

Max Weight Capacity:350lbs

Before Getting Started

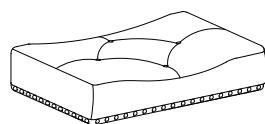

- Read the manual carefully before installation.
- Use a sharp tool carefully to unpack, avoid damaging components.
- Select a clean, level, and spacious assembly area.Avoid hard surfaces.
- Keep hardware and packaging away from children.
- Ensure all parts are present for complete assembly.
- Avoid overtightening screws and bolts.

Cleaning & Maintenance

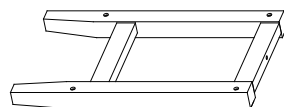

- Periodically check and tighten fasteners as hardware may loosen.
- Avoid direct heat and sunlight.
- Prolonged heat exposure may cause damage or fading.
- Regular vacuuming or brushing removes dirt and prevents soil build-up.
