

ASSEMBLY INSTRUCTION

2 DOOR WARDROBE 2 PERSON ASSEMBLY

**Please check all fittings & panels are
in the box prior to assembly**

Safety and Care Advice

IMPORTANT - Please Read This Instruction Carefully Before Assembly.

- Check you have all the components and tools listed on page 3.
- Remove all settings from the plastic bags and separate them into their groups.
- Keep children and animals away from the work area, small parts could choke if swallowed.
- Make sure you have enough space to layout the parts before assembly.
- Do not stand or put weight on the product, this could cause damage.
- Assemble the item as close to it's intended position(in the same room) as possible.
- Assemble on a soft level surface to avoid damaging the unit.
- Parts of the assembly will be easier with 2 people.
- Do not use power drill/drivers for assembly, or the unit may be damaged.
- Dispose of all packaging carefully and responsibly.

CARE and MAINTENANCE

- Only clean using a damp cloth and mild detergent, do not use bleach or abrasive cleaners.
- From time to time check that there are no loose screws on this unit.
- This product should not be discarded with household waste. Take to your local authority waste disposal center.

Customer Attention:

To align doors and control gap in between doors.
Product doors may need adjusting during
and after assembly.

This can be done by adjusting appropriate screws.
See below illustration.

Vertical door adjustment:

Loosen both screws on all hinges and lift the
door to the desired height.

This allows an even space at the top and
bottom between the door and frame

Lateral Door Adjustment:

If door is hinge bound, (rubbing on frame as you
close or open door) loosening screw shown and
move the door in appropriate direction. (In or out)

D  12PCS

Horizontal Door Adjustment:

Rotate Screw clock wise or anti clockwise. This
will produce an even gap between doors and frame.

after adjusting, you find the doors are in alignment,
you can fasten that hinge with 2 screws
