ELEGANT GLASS ENGRAVING STUDIO

"Bring Luxury and Elegance to your Home"

Dear Valued Customer,

Thank you for choosing Elegant Glass Engraving Studio. We are committed to provide high quality, engraved vessel sinks. The engraving is handmade using a rich cut technique, which is very unique because we only use stone and diamond wheels to achieve the high quality engraved finish.

Vessel Specification

Height = 5.5 inch

Weight = 15lbs

Width = 16.5 inch

Drain opening size = 1 3/4 inch pop up or twist drain recommended

Color = Clear glass

Glass = New clear glass less green tint with flat edge, single layered, tempered glass to ensure durability and more elegant style.

Prior to installation, Purchase the following:

*our company does **NOT** provide the following along with the vessel sinks; drain assembly, mounting ring, and faucet must be purchased from another vendor

1. Drain Assembly
2. Mounting Ring
3. Faucet

*we recommend all the above to be purchased in the same color (ex. Chrome) for the most elegant finish

*a pop up drain is recommended, vessel sinks do not contain an overflow drain!!

Installation Instructions

***the drain assembly, mounting ring and faucet must be purchased separately**

1. Cut out 1 3/4 hole on the counter top for the drain.
2. Place the mounting ring on the counter top over the hole, carefully place the vessel over the mounting ring.
3. Install the drain assembly through the vessel and the mounting ring by tightening the lock nut by hand until it stops turning, make sure all the washers are in place. Washers and detailed installation instruction should be included with the drain assembly. Carefully tighten the nut with a wrench for final tightening.

Caution! Do not over tighten drain assembly as this may cause the vessel to crack or chip.

Care and Maintenance recommendation

Vessels will chip or crack with impact of a hard heavy object or when improperly installed.

The glass surface after use may become spotted by hard deposits of the water minerals. We recommend to use a clean micro fiber cloth to wipe off any spots after each use. For deeper cleaning we recommend a non-abrasive cleaner. DO NOT apply force when scrubbing the glass this may scratch or fracture the vessel.

We would like to Thank you for your purchase, please feel free to contact the Wayfair Customer Service representative with any questions or concerns at 1-866-263-8325.
