B.	7"	8 1/2"	9 1/2"	9 1/2"	13 1/2"
C.	7"	8 1/2"	9 1/2"	9 1/2"	13 1/2"

PRE-INSTALLATION NOTES:

Backplate:

Hollow channel provides a pocket to hide gas and electrical connections.

Electrical Note:

Electrical wires along with the gas line run out the bottom of the lantern and up through the 3/4" Square tubing.

Gas Note:

Flexible 3/16" copper tubing is used to allow for connection. 3/16" to 1/4" fitting is included. If local building code requires exposed connection, let us know. We can build light with external gas line.

Gas line can be connected anywhere inside of backplate

3/16" gas line
3/16" to 1/4" fitting
included

* All electric lanterns should be installed in accordance with The National Electric Code (NEC) or National Fire Protection Association.

** Because our fixtures are handcrafted, our measurements may be off as much as 1".

Electric lanterns are 120V / 60W medium socket bulbs.
We also offer single, double and triple candelabras.
