Appearance

Premium Upholstery - Corduroy fabric adds warmth, texture, and durability, making the sofa visually appealing while remaining easy to maintain.

Structure

Solid Wood Construction - Built with a strong solid wood frame and sturdy wooden legs, ensuring long-term durability and reliable support.

Material

Comfortable Padding -Cushions are generously filled with foam sponge and synthetic fiber, balancing softness with reliable support.

Design Details

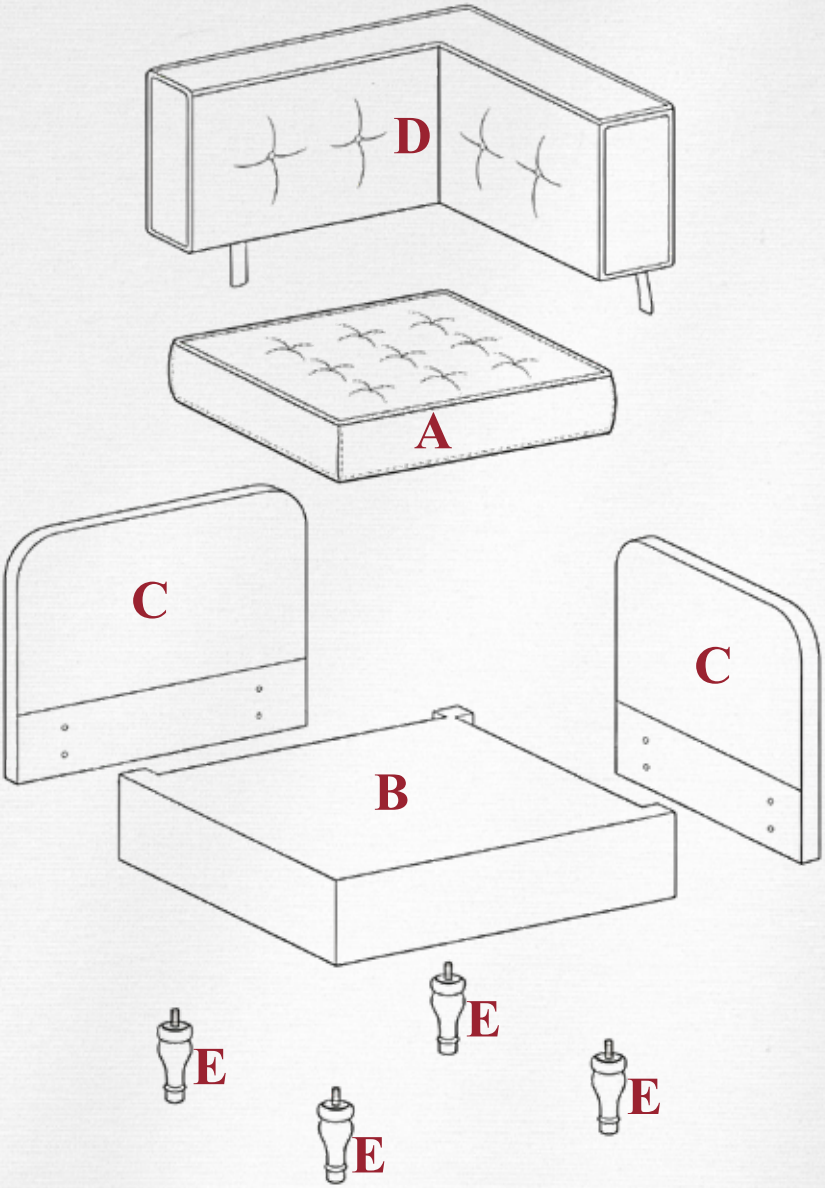

Reinforced Support -Serpentine springs beneath the seating enhance resilience, preventing sagging and maintaining lasting elasticity.

Applicable Space

Modular Design -Use as a standalone seat or combine with matching units to create a customized sectional layout for any space.

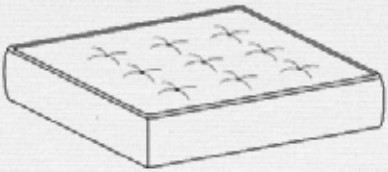

PRODUCT DESCRIPTION

EXPLODEDVIEW

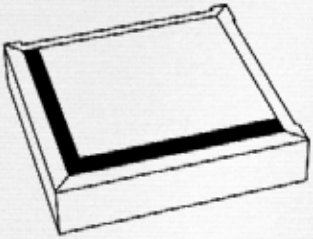

PARTS

A*1

Seat cushion

B*1

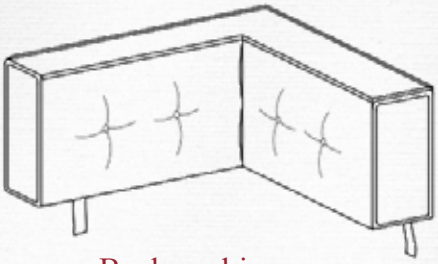

Seat frame

C*2

Backrest

D*1

Back cushion

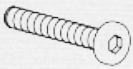

E*4

Wooden legs

HARDWARE

①*9

Screws

②*9

Flat washer

③*9

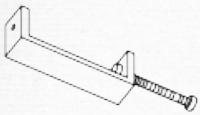

Spring washer

④*1

Allen key

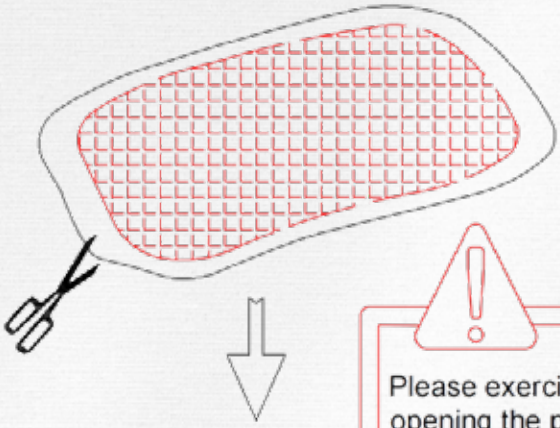

⑤*1

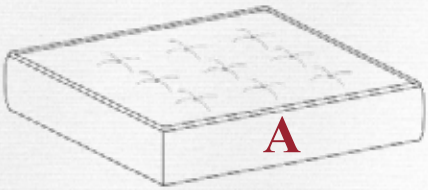

Metal hook

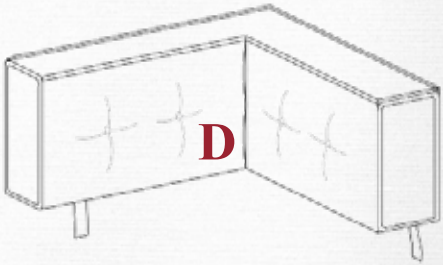

STEP1

Cut open the air compression bags, take out the cushions (A and D), and let them fully expand — recovery may take up to 48 hours, but gently patting them will speed it up.

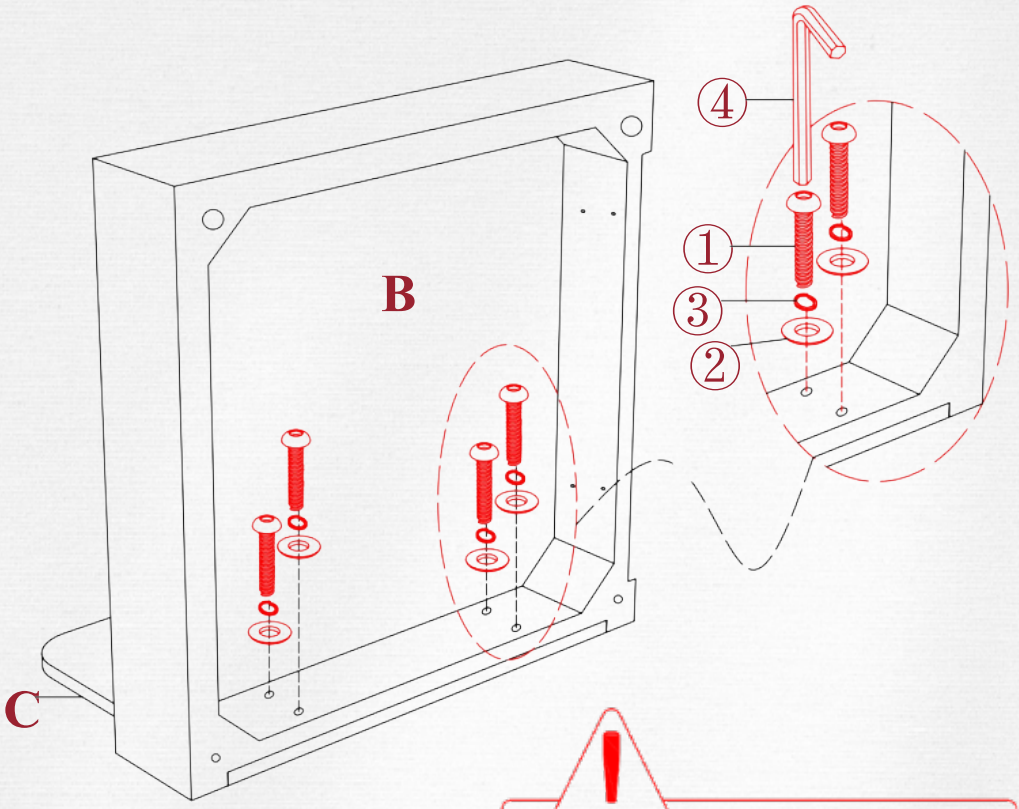

Please exercise caution when opening the packaging to avoid injury or damage to the product.

STEP2

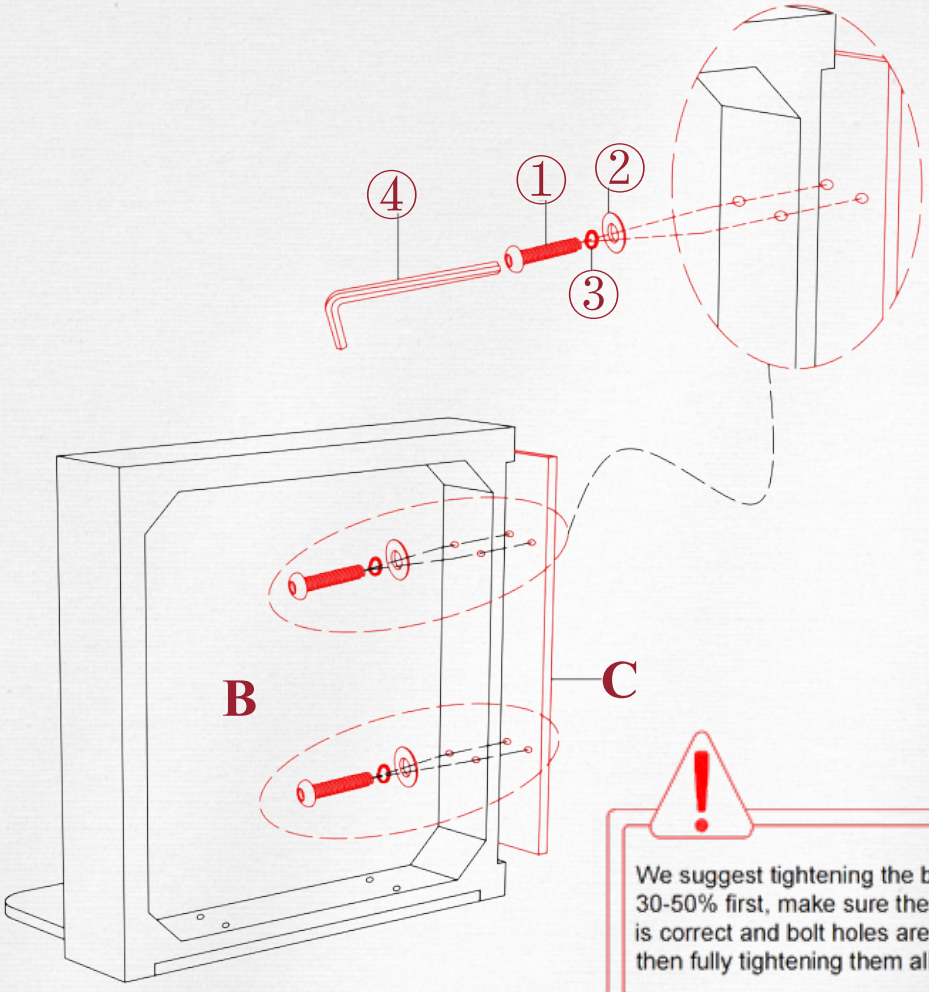

Place the seat frame (B) in the shown position. Position the backrest (C) next to it, align the screw holes, then insert four screws (1) with a flat washer (2) and a spring washer (3) into the pre-drilled holes and tighten them with the Allen key (4).

We suggest tightening the bolts for 30-50% first, make sure the process is correct and bolt holes are aligned, then fully tightening them all.

STEP3

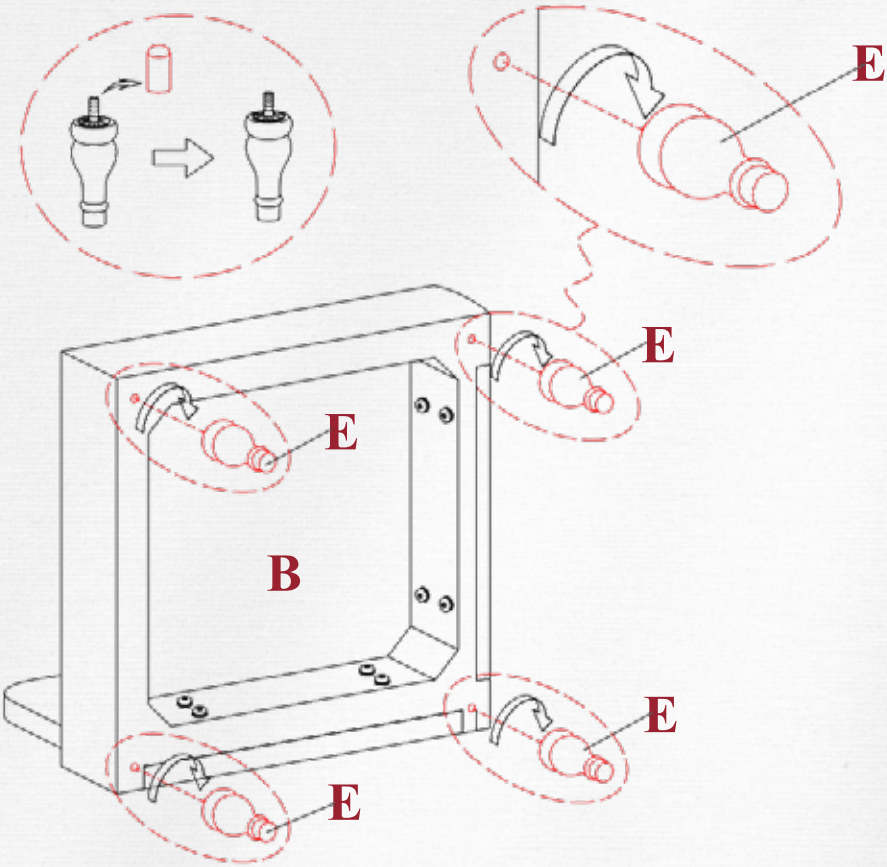

Align the backrest/armrest (C) with the seat frame (B) as shown, insert four screws (1) with a flat washer (2) and a spring washer (3) into the pre-drilled holes, make sure all holes match, then tighten them securely with the Allen key (4).

We suggest tightening the bolts for 30-50% first, make sure the process is correct and bolt holes are aligned, then fully tightening them all.

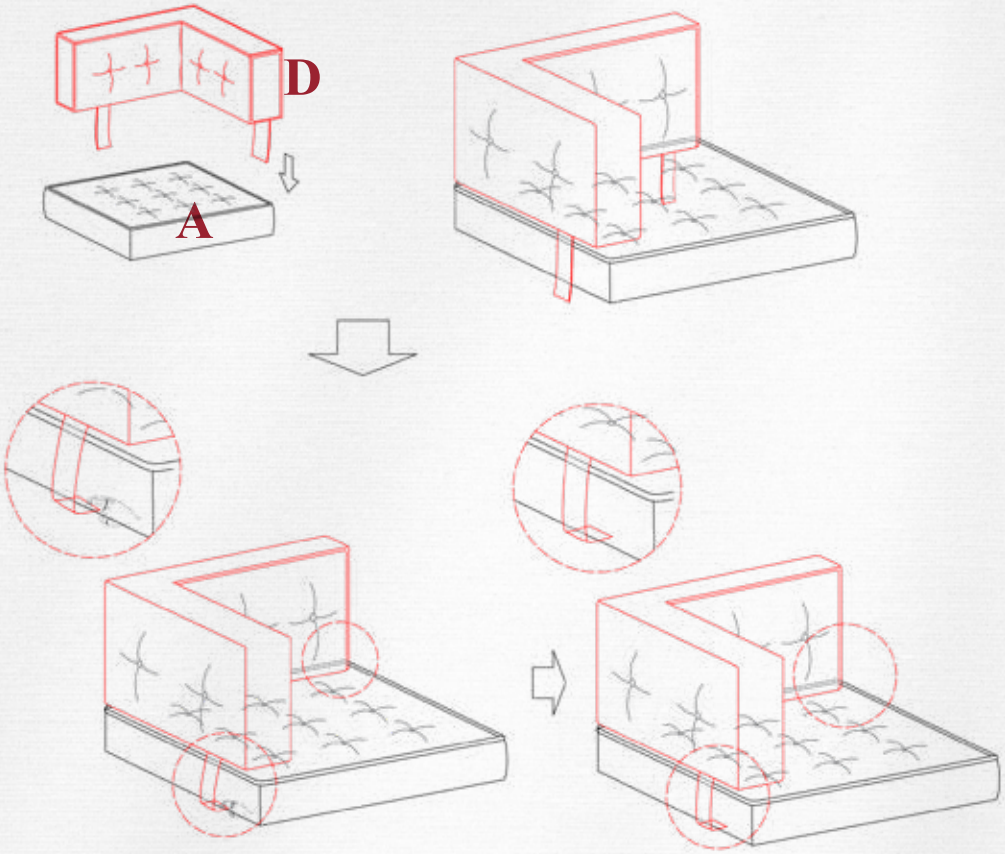

STEP 4

Remove the plastic caps from all legs (E), flip the seat frame (B) over, then twist each leg (E) clockwise into the pre-drilled holes at all four corners.

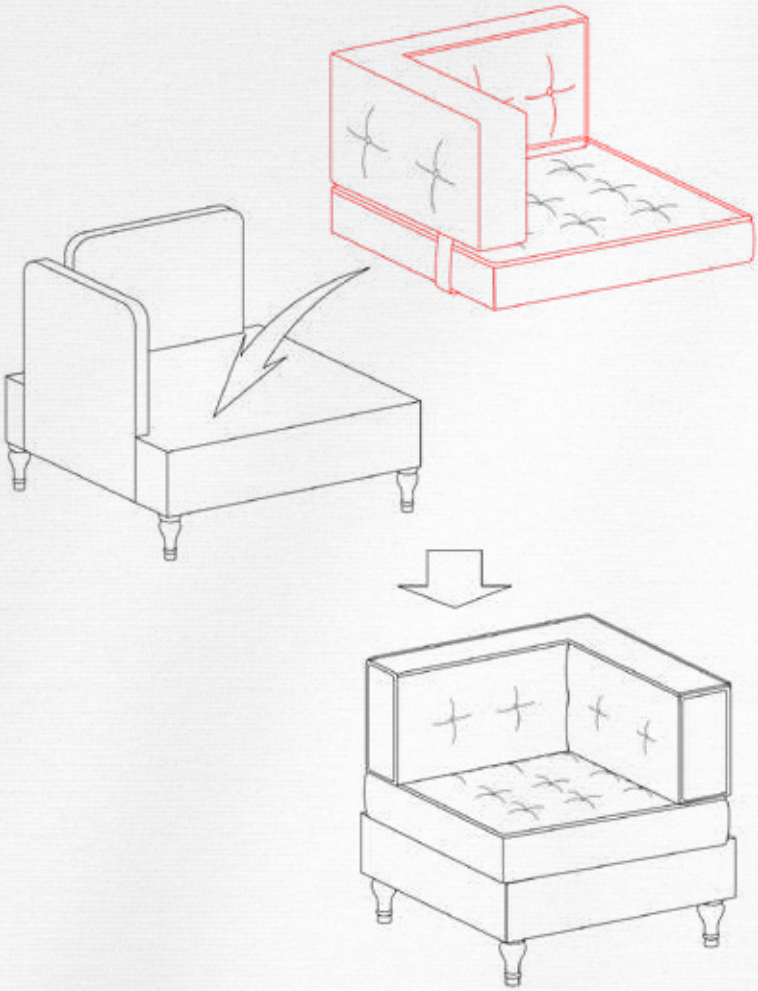

STEP5

Attach the Velcro bands on the back cushion (D) to the bottom of the seat cushion (A) to keep the cushions from shifting during use.

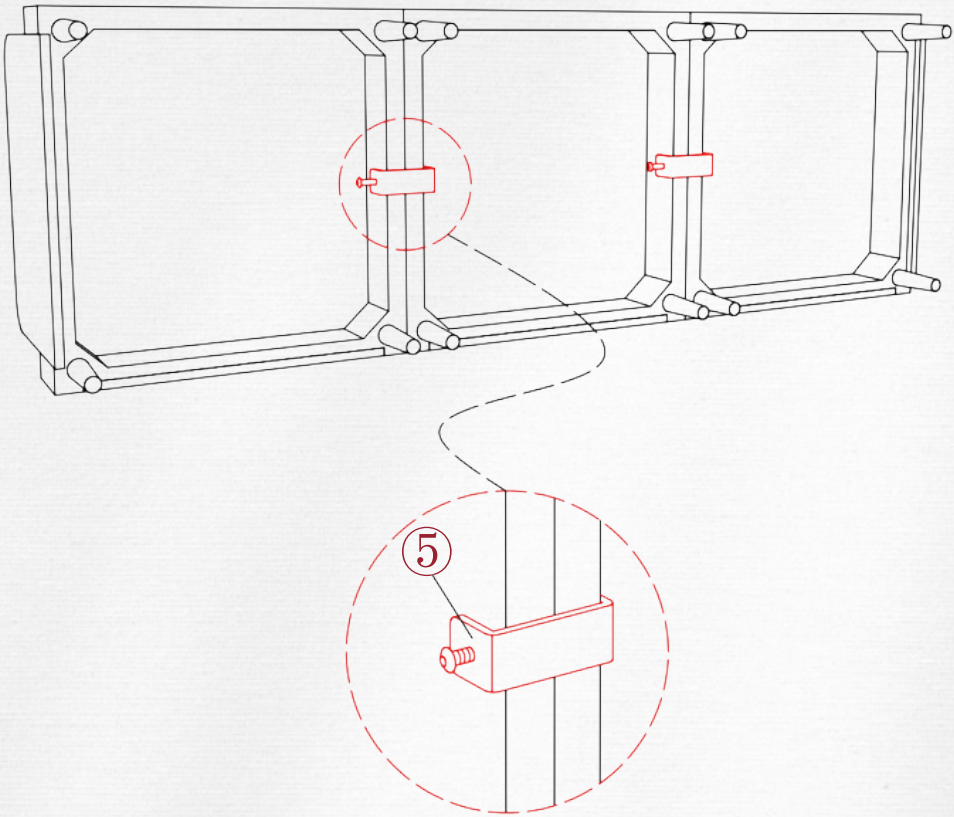

STEP6

Place the assembled part onto the seat frame (B). Congratulations, your assembly is complete! Thank you for choosing our product — enjoy your new sofa!

STEP7

A metal hook (5) is included in the carton. It is not needed for a single sofa, but when combining this sofa with other components (ottoman, chair, chaise, etc.), use the hook to fix the two parts together.
