Contact customer service for missing parts.
- 3). Place all wooden parts on a clean, flat and soft surface (e.g. carpet or rug) to prevent scratch and damage to parts.
- 4). Allow ample room for assembly and assemble the product near where the product will be placed.
- 5). During assembly, do not over-tighten any fittings as this may cause damage.
- 6). Always place the product on a flat, level surface.
