7 Remove Excess Cardboard

8 Standup Complete

MOTION ACTIVATED VOICE BOXES — THREE DIFFERENT VOICE BOX OPTIONS

Interchangeable memory modules slip in and out easily. Slim profile. Attaches to the back of the standup and stays out of sight.

Pre-Recorded

TALKING Version standups use the star's own voice to deliver up to six different messages. One line spoken whenever someone approaches or walks by with a pause between activations.

Custom Pre-Recorded

Record a standard message for all your talking standups. Custom Pre-Recorded voice boxes can be made in orders of 100 or more.

Record & Play

Record your own message — up to 20 seconds long. Your standup will play your greeting to anyone who comes by. A new recording can be made anytime you like. Record & Play Voice Boxes can be attached to any standup.

- On/off switch & volume control • Attaches to back, out of sight
- Powered by AAA batteries (not included)
- Motion activated-standup "speaks" when anyone passes by
- Removable memory module allows you to change the standup's voice
