Parts List

- Panels: Left Side Panel (x1), Right Side Panel (x1), Top Panel (x1), Bottom Panel (x1), Back Panel (x1), Doors (x2), Drawers (x2).
- Hardware: Hinges (x4), Screws (x20), Rotation Shaft (x1), Handles (x2), Drawer Slides (x4 sets).
- Tools Required: Phillips screwdriver, hammer (for dowels if included).

Assembly Instructions

- 1 Step 1: Attach Side Panels – Connect the Left and Right Side Panels to the Bottom Panel using screws and dowels (if provided).
- 2 Step 2: Install Back Panel – Secure the Back Panel to the frame using screws or nails. Ensure it is flush to stabilize the cabinet.
- 3 Step 3: Attach Top Panel – Place the Top Panel onto the side structure and fasten with screws.
- 4 Step 4: Install Hinges and Doors – Fix Hinges onto each Door (2 hinges per door). Attach the Doors to the Side Panels by aligning the hinges.
- 5 Step 5: Assemble Drawers – Attach drawer panels together, fix the bottom, then slide into the metal rails. Insert Drawer Slides into the cabinet and fit the drawers.
- 6 Step 6: Install Handles – Attach Handles to both Doors and Drawers with the provided screws.
- 7 Step 7: Final Adjustments – Check that all screws are tightened. Adjust door hinges for proper alignment if needed.
