TURN HOUSES INTO HOMES

**SCREWS x2**

**WALL PLUG x2**

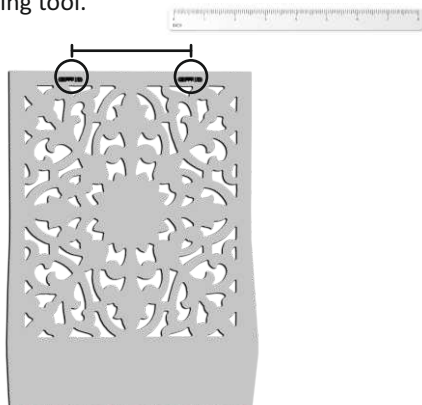

---

## Included Hardware

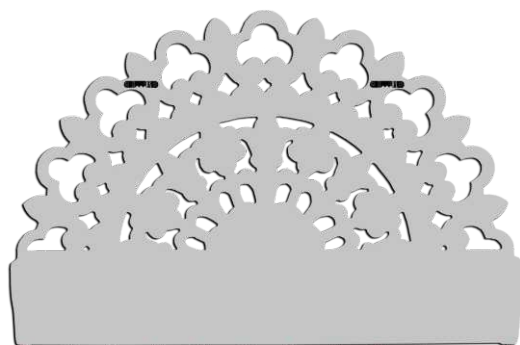

### STEP 1:

Determine the distance between the two sawtooths by using a measuring tool.

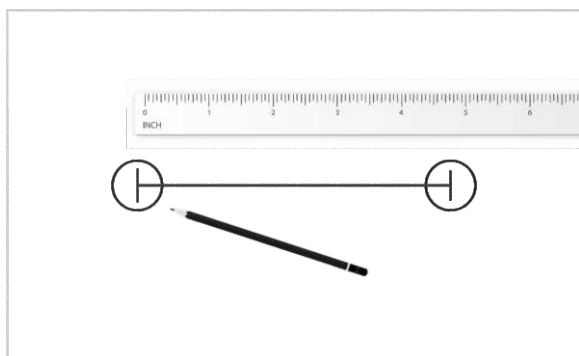

Make a mark on the wall where you want to hang the shelf.

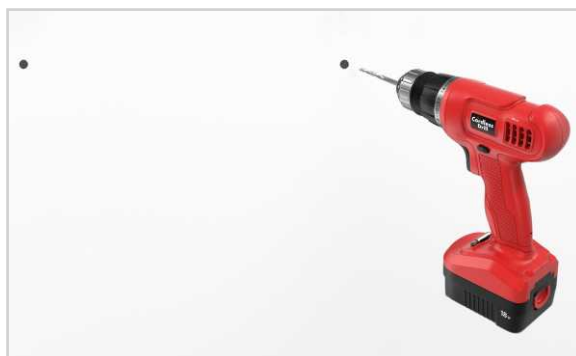

### STEP 2:

Position the measuring tool against the wall and create two marks where you intend to install the shelf.

### STEP 3:

Create holes at the locations you marked previously using a drill.

### STEP 4:

Tap the wall plugs into the holes using a hammer.

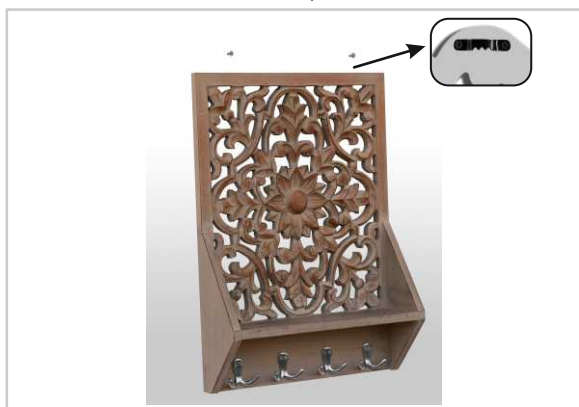

### STEP 5:

Fasten the screws into the wall plugs and use a screwdriver to ensure they are tightly secured.

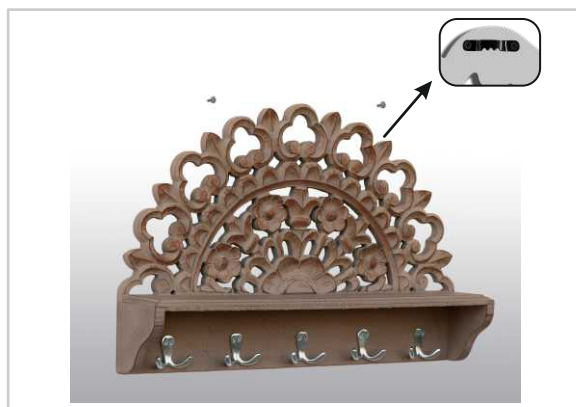

### STEP 6:

Position the sawtooths on top of the screws.

Position the sawtooths on top of the screws.

There you go! Your shelf has been installed and is now firmly secured!
