Thank you for purchasing the 3 Stair Pet Steps by K&H Pet Products. They were designed for pets who need assistance getting on and off furniture and when used properly, they will last for many years to come.

Recommended for Small to Medium Sized Dogs

ASSEMBLY INSTRUCTIONS:

- 1** Unfold and lay both **PANEL 1** and **PANEL 2** onto a floor or table as shown above in **Figures 1 & 2**. **PANEL 1** must be placed so that the sticker labels A and E with the hook and loop material are facing up. Position **PANEL 1** the same way it's shown in **Figure 1** with sticker E on the left.
- 2** Lay down **PANEL 2** directly to the right of **PANEL 1**. Make sure the smaller hook and loop strips are also facing up (6 total).
IMPORTANT: Position **PANEL 2** as shown in **Figure 2** with sticker label A on the left side, and to the right of **PANEL 1**.
- 3** Starting with **PANEL 2**, fold FLAP 1 on edge A at the crease into the upright position so that it's free to bend more easily. **See Figure 3**.
- 4** Connect **PANEL 1** and **PANEL 2** by attaching the edges labeled A on both panels to one another. **See Figure 4**. Evenly overlap and press flat to adhere together.
- 5** Next, stand **PANEL 1** into the upright position as shown in **Figure 5**. On **PANEL 2**, identify both the far left crease and the right crease on section B. **See Figure 5**.
- 6** Now bring the far right end (edge E) of **PANEL 2** inward towards the left bending the left crease of section B until it forms a 90 degree *vertical angle*. **See Figure 6**.
- 7** Holding **PANEL 2**, bend the right crease of section B into a 90 degree *horizontal angle*. **See Figure 7**. (Note: Sticker labels A, B, C & D of **PANEL 2** should now be facing down towards the inside of the structure).

CONTINUED...

8 Locate the bottom hook and loop covered outer edge on **PANEL 1** labeled B. Fold outer edge B towards the inside edge B of **PANEL 2**. The inside edge B of **PANEL 2** is also covered with hook and loop material. **See Figure 8.**

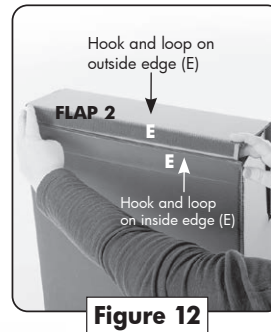

9 Tuck the outer edge labeled B from **PANEL 1** into the open corner to meet the inside edge B of **PANEL 2**. **See Figure 9.** Attach hook and loop edges B from both panels to one another. Make sure the corners and edges are lined up and flush. Repeat this on the other side. Once both sides are flush, firmly adhere all hook and loop edges B to one another. Repeat this same pattern for both C and D. **See Figures 10 & 11.**

10 At this time, pull apart and re-attach any sections if adjustments are needed until the entire structure is a solid form and all outer edges are flush.

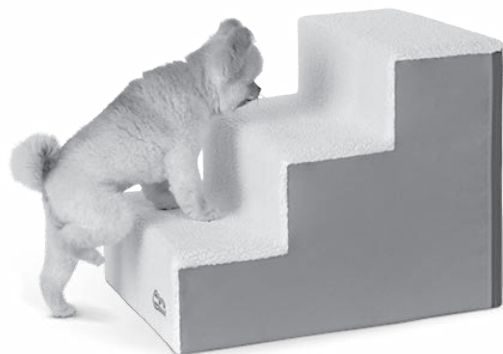

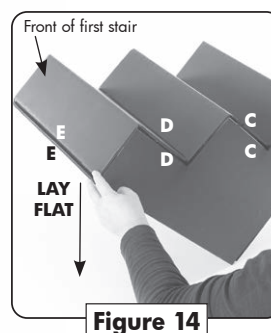

11 You should now be at the top and ready to close the structure. Bend FLAP 2 outside edge E and insert into the structure. Attach the hook and loop material from outside edge E to the inside edge E. **See Figure 12.**

12 While the 3-stair structure is still on its end, locate the cover and position it so the K&H logo patch is on the front of the first stair step where edges E are attached. Slide the cover over each of the 3 stair steps, one at a time working your way down. **See Figure 13.**

For reference of where edges E and the front side of the first stair step are, **See Figure 14.**

13 Pull the cover over the 3-stair structure completely covering it. **See Figure 15.** Zip closed.

K&H 3 Stair Pet Steps

CARE INSTRUCTIONS:

The cover is removable and machine washable. Line drying is recommended.
The inside structure can be wiped clean with a damp cloth.

K&H Limited One Year Warranty

Our warranty is as follows: K&H Pet Products warrants to the original consumer, that this product will be free of defects and workmanship for a period of one year from the date of purchase. The manufacturer's liability hereunder is limited to replacement of the product. This warranty is void if the product has been damaged by accident, unreasonable use, neglect, tampering, or other causes not arising from defects in material and workmanship.

To exercise your warranty: If, during the warranty period, your product malfunctions, return it to the place of purchase with your **original purchase receipt**. If this cannot be done, return the product, postage prepaid, to K&H Pet Products, with a **dated proof of purchase or original date receipt**. A return authorization number can be obtained by calling (719) 591-6950 and must accompany all returns to manufacturer. Please include a note explaining the problem when returning the product.
