Product Description: Light and airy with an artistic elegance, the Lapilli Carved Top End Table combines a silvery-finished metal base and stretcher with a stone veneer top. As an exquisite design detail, the stone top has a hand-painted quatrefoil pattern.

Collection Features: Delivering the casual look and feel of ageless pieces acquired during travels in the Old World, Hooker Furniture is featuring Alfresco, a whole-home collection with relaxed European provincial styling. The Alfresco collection has a well-traveled aesthetic that is inspired by heirloom pieces found in homes perched on cliffs along the Italian coastline of the Adriatic Sea. The collection of bedroom, dining room, occasional and accent furniture features moderately distressed designs that are enhanced by accent paint finishes that create an eclectic feel. Alfresco is constructed of oak, maple and hickory veneers and poplar solids, and includes several pieces with stone and metal accents.

Important Use Information: We recommend the use of felt tabs and coasters to protect the stone surface. All stone tops, especially those

around water should be sealed or polished before use and on a regular basis to keep the porous stone from absorbing any stains from water, soap, wine, colas, etc. Wipe up spills immediately, since any liquids allowed to seep in may not be able to be removed and may etch the surface, causing discoloration. Most home improvement stores have a wide range of products for these applications due to the sale of stone counter tops.
