1.3 Operation Guide

Wiring Diagrams

1.4 Trouble and Solution

No.	Trouble	Solution
1	The electric pump not working or Controller confusion	Please check all cables are properly connected according to the Wiring Diagrams of 1.3 Operation Guide on page 9 of instruction manual.
2	Abnormal sound of pump	Since it is a new product, there is some gas in the pump. please raise and lower the bed several times to exhaust air.
3	Some grease on the pump shaft	It's a normal phenomenon.
4	Other issues	If you have any other problems, please Email to info@artisthandbeauty.com Our professional team will provided the technical support by pictures or videos.

1.5 Maintenance

No.	Maintenance Parts	Maintenance Method
1	Leather surface care	1.Avoid using hard objects to scratch the leather surface. Leather fabrics are generally more durable, but can be easily scratched by sharp objects. 2.Leather surfaces require regular monthly maintenance. Please use leather hardener for maintenance. If the surface is stained with dye, perm, or other difficult-to-clean items, you can use soft towel with diluted neutral detergent to clean it first. And then you can use dry towel to scrub or seek professional help. It's prohibited to use benzene, diluent, gasoline or other solvent. These solvents may damage the leather or it may cause the corrosion of the products appearance.
2	Pump care	The weight capacity we advertised is static capacity, Please do not use it for a long time with maximum weight.
