

9 Installation

1. Use the mounting screws to attach the mounting unit to the junction box
2. Stuff the wooden screw sleeve into the wall, and then screw the wooden screw into the sleeve

3. Make the electrical connection from the junction box to the fixture. Connect the ground wire to the mounting unit using the preinstalled green ground screw. Then, connect the positive, negative and ground wires with the supplied wire nuts. Secure with electrical tape
4. Secure the backplate to the mounting unit with a cap nut
5. Installation E26 Type A19 LED Bulb

6. Align the clamp with the canopy shaft hole and tighten it with a screw cap
