

When you are looking for the chef's choice of cookware, stainless steel is regarded as the best of the best! The Lustro range is exceptionally strong and with a wide range of cookware, you will find yourself reaching for a Lustro product every day.

Invest in a SQ Professional Lustro Rice cooker today and you'll find it a much easier, convenient & more efficient way of cooking tasty recipes. As a further advantage they help to keep all the valuable vitamins, minerals and nutrients within your food to help you create delicious, healthy meals.

Dual Cooking Functions

Maximise your free time as the Lustro Rice cooker comes with two convenient heat settings – Cook and Warm. Its handy indicator lights on the display help you to monitor which function the cooker is running so always know the status of your food. Once the rice cooker has finished the cooking cycle it will automatically switch to the warming mode so your food will stay fresh and warm, ready to serve when you are. You'll find the warm setting an ideal function for coming back for second servings.

Removable Non-stick Interior Bowl

You'll be impressed with the incredible performance of the non-stick interior bowl – eliminating the worry of rice becoming burnt onto the bottom during use. Having a non-stick coating on the removable interior bowl ensures easy service of the food once ready to eat and quick cleaning afterwards. As an added bonus the non-stick interior bowl is removable – making decanting your fresh, tasty recipes all the more easier to serve up and share!

Accessories Kit

With a tempered glass lid with a steam vent, the Lustro Rice Cooker comes with essential cooking accessories to ensure you get ideal results every time. With the rice scoop you can easily allocate the correct proportions of rice to water, whatever the recipe. Once your rice is cooked to perfection you can easily serve it with the provided rice scoop.
