STEP 1

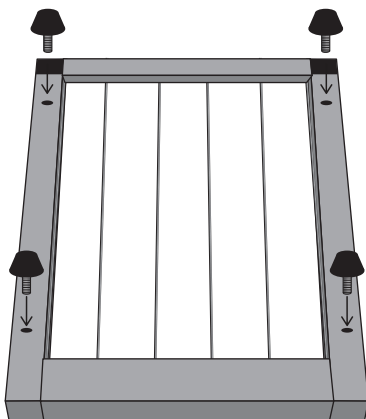

Lay **side pieces** on the ground with the **middle piece** in-between as shown. Using **4 metal screws** attach the **side pieces** to the **middle piece**. Make sure the **middle piece's end that has two holes drilled into it is on the same end as the holes on the sides for the feet**. Don't over tighten the screws because we still have to attach more pieces to the frame.

STEP 2

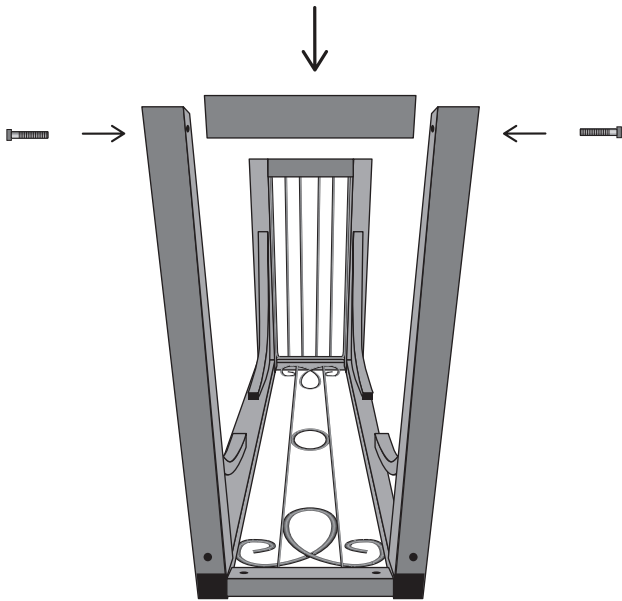

Now that the main frame is complete. Place upright, making sure the **side's ends with holes drilled all the way through is on top**. Insert the **grate** into its place and secure with **two metal screws**.

STEP 3

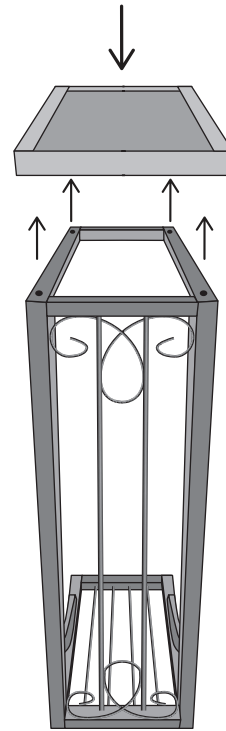

Now flip the table over on its side.
Now screw the **feet** into the bottom near the grate.

STEP 4

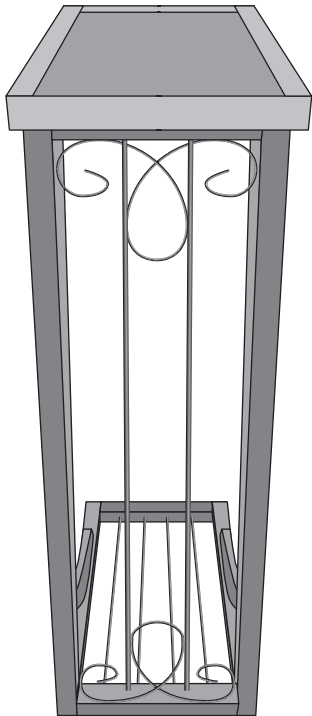

Now attach the **top bar** in-between the **two sides** on **the top of the table** with 2 metal screws.

STEP 5

Place the table top onto the completed frame. Attach from underneath with the four wood screws.

THANK YOU FOR YOUR PURCHASE.

WE VALUE OUR CUSTOMERS AND WANT TO BE SURE YOU ARE SATISFIED WITH YOUR PRODUCT.

IF YOU HAVE ANY QUESTIONS OR CONCERNS OR YOU ARE NOT COMPLETELY SATISFIED, PLEASE CONTACT OUR OFFICE.
