4x

4x

### SINK INSTALLATION

1

Apply a continuous bead of quality sealant to the top surface (rim) of the sink.

2

Turn the stone top upside down and place it on a clean, scratch resistant surface. Center the sink over the cutout.

3

Secure the sink to the top using the mounting kit / hardware provided with the stone top, **HAND TIGHTEN ONLY.**

4

Apply bead of quality sealant evenly along the top of the vanity.

5

Apply silicone sealant evenly along the bottom of backsplash and wall.

6

Finally, place the bottom side of back splash with sealant onto the countertop and check alignment of backsplash. Adjust the leg levels as needed

**\*\*NOTE:** Sink style, shape, cutout on top, vanity may vary from the picture above. Instructional purposes only. \*\*
