

Assembly Instructions

NOTICE(EN): Thank you for choosing our product. Please read this manual carefully before installation. Please contact customer service for further video support.

HINWEIS(DE): Vielen Dank, dass Sie sich für unser Produkt entschieden haben. Bitte lesen Sie diese Anleitung vor der Installation sorgfältig durch. Für weitere Video-Unterstützung wenden Sie sich bitte an den Kundenservice.

AVIS(FR): Merci d'avoir choisi notre produit. Veuillez lire attentivement ce manuel avant l'installation. Veuillez contacter le service client pour obtenir une assistance vidéo complémentaire.

AVISO(ES): Gracias por elegir nuestro producto. Por favor, lea este manual detenidamente antes de la instalación. Para obtener soporte de video adicional, póngase en contacto con el servicio de atención al cliente.

NOTIFICA(IT): Grazie per aver scelto il nostro prodotto. Si prega di leggere attentamente questo manuale prima dell'installazione. Per ulteriore supporto video, contattare il servizio clienti.

Warning and Safety Instructions/ Warn- und Sicherheitsanweisungen

(EN)

- 1.1. Follow the installation instructions carefully. Before beginning assembly, please ensure all accessories are present.
2. Do not fully tighten the screws during initial assembly. Full tighten screws only once all pieces which are correctly assembled.
3. Our products are environmentally friendly. To maintain their quality, avoid submerging them in water, placing heavy items on them, or applying excessive force.
4. If you encounter any issues, please contact us for assistance.

(DE)

1. Befolgen Sie die Installationsanweisungen. Bitte überprüfen Sie, ob alle Zubehörteile vor der Installation vorhanden sind.
2. Ziehen Sie die Schrauben bei der ersten Montage nicht vollständig an. Ziehen Sie die Schrauben erst vollständig an, wenn alle Teile korrekt montiert sind.
3. Unsere Produkte sind umweltfreundlich. Um ihre Qualität zu erhalten, vermeiden Sie es, sie in Wasser zu tauchen, schwere Gegenstände darauf zu platzieren oder übermäßige Kraft anzuwenden.
4. Wenn Sie auf Probleme stoßen, wenden Sie sich bitte an uns für Unterstützung.

(FR):

1. Suivez les instructions d'installation. Veuillez vérifier que tous les accessoires sont présents avant l'installation.
2. Ne serrez pas complètement les vis lors de l'assemblage initial. Serrez complètement les vis uniquement une fois que toutes les pièces sont correctement assemblées.
3. Nos produits sont respectueux de l'environnement. Pour conserver leur qualité, évitez de les immerger dans l'eau, de placer des objets lourds dessus ou d'appliquer une force excessive.
4. Si vous rencontrez des problèmes, veuillez nous contacter pour obtenir de l'aide.

(ES):

1. Siga las instrucciones de instalación. Confirme que todos los accesorios estén presentes antes de la instalación.
2. No apriete completamente los tornillos durante el montaje inicial. Apriete completamente los tornillos solo una vez que todas las piezas estén ensambladas correctamente.
3. Nuestros productos son respetuosos con el medio ambiente. Para mantener su calidad, evite sumergirlos en agua, colocar objetos pesados sobre ellos o aplicar fuerza excesiva.
4. Si tiene algún problema, póngase en contacto con nosotros para obtener ayuda.

(IT):

1. Seguire le istruzioni di installazione. Verificare che tutti gli accessori siano presenti prima dell'installazione.
2. Non serrare completamente le viti durante l'assemblaggio iniziale. Serrare completamente le viti solo dopo che tutte le parti sono state assemblate correttamente.
3. I nostri prodotti sono ecologici. Per mantenere la loro qualità, evitare di immergerli in acqua, posizionare oggetti pesanti su di essi o applicare forza eccessiva.
4. In caso di problemi, contattarci per assistenza.

Parts Check: Before installation, cross-reference the list to confirm all hardware accessories are complete and undamaged.
Structure Familiarization: Use the exploded view to clearly identify each cabinet panel.
Pre-installation Prep: After completing the check, proceed with subsequent steps: panel assembly, door installation, and wall mounting of the cabinet.

(DE)

Teileprüfung: Vor der Installation anhand der Liste überprüfen, ob alle Hardware-Zubehörteile vollständig und unbeschädigt sind.
Strukturverständnis: Anhand der Explosionszeichnung jede Schrankplatte eindeutig erkennen.
Vormontage: Nach abgeschlossener Prüfung die nachfolgenden Schritte durchführen: Plattenmontage, Türinstallation und Wandbefestigung des Schrankes.

(ES)

Verificación de accesorios: Antes de la instalación, consulte la lista para confirmar que todos los accesorios de hardware están completos y sin daños.
Conocimiento de la estructura: Mediante el diagrama desglosado, identifique claramente cada panel del armario.
Preparación previa a la instalación: Una vez completada la verificación, siga los pasos siguientes: ensamblaje de paneles, instalación de la puerta y fijación a la pared del armario.

(FR)

Vérification des accessoires: Avant l'installation, vérifiez la liste pour confirmer que tous les accessoires matériels sont complets et non endommagés.
Connaissance de la structure: Grâce au schéma décomposé, identifiez clairement chaque panneau du meuble.
Préparation à l'installation: Après avoir terminé la vérification, suivez les étapes suivantes : assemblage des panneaux, installation de la porte et fixation murale du meuble.

(IT)

Verifica accessori: Prima dell'installazione, controllare l'elenco per confermare che tutti gli accessori hardware siano completi e intatti.
Conoscenza della struttura: Attraverso il disegno esploso, identificare chiaramente ogni pannello del mobile.
Preparazione all'installazione: Dopo aver completato la verifica, procedere con i passaggi successivi: assemblaggio dei pannelli, installazione della porta e montaggio a muro del mobile.

Assembly Steps/ Montageanweisungen

EN: Use the Cam Lock and Eccentric Wheel. Tighten the bolt until the shoulder is aligned with the panel. Be sure not to tighten too much or too little.

DE: Verwenden Sie den Nockenverschluss und das Exzenterrad. Ziehen Sie die Schraube fest, bis der Bund mit der Platte bündig abschließt. Achten Sie darauf, die Schraube weder zu fest noch zu locker anzuziehen.

FR: Utilisez le verrou à came et la roue excentrique. Serrez le boulon jusqu'à ce que l'épaulement soit aligné avec le panneau. Veillez à ne pas serrer trop fort ni trop faiblement.

ES: Utilice el cierre de leva y la rueda excéntrica. Apriete el perno hasta que el hombro quede alineado con el panel. Asegúrese de no apretar demasiado ni demasiado poco.

IT: Utilizzare il bloccaggio a camma e la ruota eccentrica. Serrare il bullone finché la spalla non sia allineata con il pannello. Fare attenzione a non serrare troppo né troppo poco.

EN: The pre-inserted nut should align with the center of the cam lock when joining two panels. The cam lock should be inserted before the eccentric wheel. Turn the cam lock clockwise to tighten.

DE: Die vormontierte Mutter muss beim Verbinden zweier Platten mit der Mitte des Nockenverschlusses fluchten. Der Nockenverschluss muss vor dem Exzenterrad eingesetzt werden. Drehen Sie den Nockenverschluss im Uhrzeigersinn, um ihn festzuziehen.

FR: L'écrou pré-inséré doit s'aligner avec le centre du verrou à came lors de l'assemblage de deux panneaux. Le verrou à came doit être inséré avant la roue excentrique. Tournez le verrou à came dans le sens horaire pour serrer.

ES: La tuerca preinsertada debe alinearse con el centro del cierre de leva al unir dos paneles. El cierre de leva debe insertarse antes que la rueda excéntrica. Gire el cierre de leva en el sentido horario para apretar.

IT: Il dado preinserito deve allinearsi con il centro del bloccaggio a camma durante l'unione di due pannelli. Il bloccaggio a camma deve essere inserito prima della ruota eccentrica. Ruotare il bloccaggio a camma in senso orario per serrare.

1

EN: Choose left-opening doors: Install **F** on the left side panel No.1 only.

DE: Wählen Sie links öffnende Türen: Installieren Sie **F** nur am linken Seitenpanel Nr. 1.

FR: Pour les portes à ouverture gauche : Installez **F** uniquement sur le panneau latéral gauche n°1.

ES: Para puertas de apertura izquierda: Instale **F** únicamente en el panel lateral izquierdo N° 1.

IT: Per porte ad apertura sinistra: Installare **F** esclusivamente sul pannello laterale sinistro n.1.

or

EN: Choose right-opening doors: Install **F** on the right side panel No.2 only.

DE: Wählen Sie rechts öffnende Türen: Installieren Sie **F** nur am rechten Seitenpanel Nr.2.

FR: Pour les portes à ouverture droite : Installez **F** uniquement sur le panneau latéral droit n°2.

ES: Para puertas de apertura derecha: Instale **F** únicamente en el panel lateral derecho N°2.

IT: Per porte ad apertura destra: Installare **F** esclusivamente sul pannello laterale destro n.2.

STEP: 2

STEP: 3

STEP: 4

(EN)

Step I: Align the rail hook with the pilot hole on the back of the drawer box.

Step II: Align the rail cylinder pin with the pilot hole on the drawer side panel.

Step III: This clip allows for easy tightening/loosening of the rail for installation and removal.

Step IV: This gear can be rotated to adjust the height gap of the drawer front.

(DE)

Schritt I: Richten Sie den Schienenhaken auf das Führungsloch auf der Rückseite des Schubkastens aus.

Schritt II: Richten Sie den Schienenzylinderstift auf das Führungsloch an der Schubladenseitenwand aus.

Schritt III: Diese Klemme ermöglicht ein einfaches Anziehen/Lösen der Schiene zur Montage und Demontage.

Schritt IV: Dieses Zahnrad kann gedreht werden, um den Höhenspalz der Schubladenfront einzustellen.

(FR)

Étape I: Alignez le crochet du rail sur le trou pilote à l'arrière du tiroir.

Étape II: Alignez la cheville cylindrique du rail sur le trou pilote du panneau latéral du tiroir.

Étape III: Cette bride permet de serrer/desserrer facilement le rail pour l'installation et le démontage.

Étape IV: Cet engrenage peut être tourné pour ajuster le jeu vertical de la façade du tiroir.

(ES)

Paso I: Alinea el gancho del riel con el orificio piloto en la parte trasera del cajón.

Paso II: Alinea el pasador cilíndrico del riel con el orificio piloto en el panel lateral del cajón.

Paso III: Esta abrazadera permite apretar/aflojar fácilmente el riel para su instalación y extracción.

Paso IV: Este engranaje se puede girar para ajustar el hueco vertical de la fachada del cajón.

(IT)

Passo I: Allinea il gancio della guida con il foro pilota sul retro del cassetto.

Passo II: Allinea il perno cilindrico della guida con il foro pilota sul pannello laterale del cassetto.

Passo III: Questa clip permette di stringere/allentare facilmente la guida per l'installazione e la rimozione.

Passo IV: Questo ingranaggio può essere ruotato per regolare il gap

(ES):Coloca el lavabo sobre la parte superior del mueble.

(IT):Posiziona il lavabo sulla parte superiore dell'armadio.

Cleaning & Maintenance Instructions/ Reinigungs- und Wartungsanweisungen

(EN)

1. Do not use strong acid, strong alkali, abrasive-containing (such as steel wool, scouring powder) or chlorine bleach-based cleaners, to avoid corrosion of cabinet panels and hardware, which may cause discoloration, rust or cracking.
2. Do not scrape the cabinet and hardware with sharp objects; avoid heavy impact and forceful opening/closing of cabinet doors/drawers to prevent loose hardware and cabinet deformation.
3. Keep the cabinet away from long-term high humidity and standing water. Avoid direct water splashing on the cabinet during showers. Wipe up water on the cabinet promptly to prevent panel swelling and hardware rusting.

(DE)

1. Verwenden Sie keine starken Säuren, starken Laugen, schleifmittelhaltige (z. B. Stahlwolle, Scheuerpulver) oder chlorbleichhaltigen Reinigungsmittel, um Korrosion von Schrankplatten und Beschlägen zu vermeiden, die Verfärbungen, Rost oder Risse verursachen kann.
2. Kratzen Sie den Schrank und die Beschläge nicht mit scharfen Gegenständen; vermeiden Sie starke Stöße und gewaltsames Öffnen/Schließen von Schranktüren/Schubladen, um lockere Beschläge und Schrankverformungen zu verhindern.
3. Halten Sie den Schrank von langanhaltender hoher Luftfeuchtigkeit und stehendem Wasser fern. Vermeiden Sie direktes Wasserspritzen auf den Schrank während des Duschens. Wischen Sie Wasser auf dem Schrank umgehend ab, um Plattenquellung und Beschlagrost zu verhindern.

(FR)

1. N'utilisez pas de nettoyeurs à base d'acide fort, de base forte, d'abrasifs (tels que la laine d'acier, la poudre à récurer) ou d'eau de Javel, afin d'éviter la corrosion des panneaux et des quincailleries du meuble, qui pourrait entraîner une décoloration, de la rouille ou des fissures.
2. Ne grattez pas le meuble et les quincailleries avec des objets pointus ; évitez les chocs violents et l'ouverture/fermeture forcée des portes/tiroirs du meuble pour prévenir le desserrage des quincailleries et la déformation du meuble.
3. Maintenez le meuble à l'écart d'une humidité élevée prolongée et d'eau stagnante. Évitez les éclaboussures directes d'eau sur le meuble pendant la douche. Essayez immédiatement l'eau sur le meuble pour empêcher le gonflement des panneaux et la rouille des quincailleries.

(ES)

1. No utilice limpiadores a base de ácido fuerte, álcali fuerte, abrasivos (como lana de acero, polvo de fregado) o lejía con cloro, para evitar la corrosión de los paneles y herrajes del armario, lo que podría causar decoloración, óxido o grietas.
2. No raspe el armario y los herrajes con objetos afilados; evite impactos fuertes y la apertura/cierre forzada de puertas/cajones del armario para prevenir herrajes sueltos y deformación del armario.
3. Mantenga el armario alejado de la humedad alta prolongada y el agua estancada. Evite salpicaduras directas de agua en el armario durante la ducha. Limpie inmediatamente el agua en el armario para evitar la hinchazón de los paneles y la oxidación de los herrajes.

(IT)

1. Non utilizzare detergenti a base di acido forte, alcali forte, abrasivi (come lana d'acciaio, polvere abrasiva) o candeggina al cloro, per evitare la corrosione dei pannelli e della ferramenta del mobile, che potrebbe causare scolorimento, ruggine o crepe.
2. Non graffiare il mobile e la ferramenta con oggetti appuntiti; evitare urti violenti e apertura/chiusura forzata di porte/cassetti del mobile per prevenire il allentamento della ferramenta e la deformazione del mobile.
3. Tenere il mobile lontano da umidità elevata prolungata e acqua stagnante. Evitare schizzi diretti di acqua sul mobile durante la doccia. Asciugare prontamente l'acqua sul mobile per impedire il rigonfiamento dei pannelli e la ruggine della ferramenta.
