

Operating Instructions

1: Packing list

Lamp base

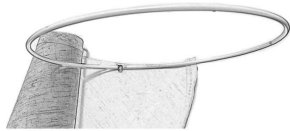

large iron ring of lamp cover

Small iron ring of lamp cover

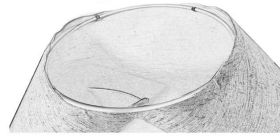

Lamp cloth cover

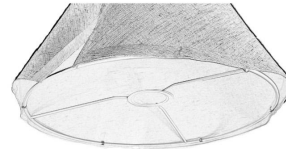

2: Installation lamp steps

1: Clip the iron buckle on the cloth cover onto the iron ring.

2: Complete the installation of the small iron ring

3: Install the larger iron ring using the same method.
Attention: The protruding side of the large iron ring faces the small opening of the lampshade.

4: Insert the lampshade into the base rod.

5: Install the screw clamp ring.

6: Complete the lamp installation.

The lamp uses E26 lamp heads, and the lamp is not equipped with a light source for sale. You need to purchase the light source yourself to use the lamp.

⚠ Attention: Please cut off the power when installing lighting fixtures.

*Warm tips: If you have any questions during use of the lamp, please contact us.
