

24" Single Sink Vanity Set (Faucet Not Included)

The Stanton Collection

Being limited in space doesn't mean having to give up quality or style. The 24" vanity set is a good example of maximizing utility in a small space. The large pull-down cabinet door features soft-close hinges, and the lower shelf is left open for additional storage. The drop-in sink with wide, flat edges creates reasonable space for essential toiletries. This vanity set includes the espresso cabinet of solid hardwood construction, porcelain sink with chrome pop-up drain, and a matching mirror.
