Installation complete

After opening the package, first sort the accessories according to the parts list. Once sorted, proceed with the installation.

① High bracket * 1

② Low bracket * 1

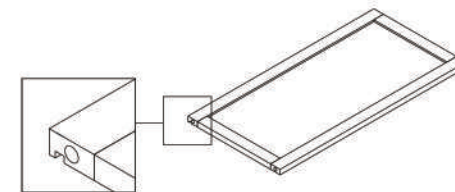

③ Long vertical rail * 1

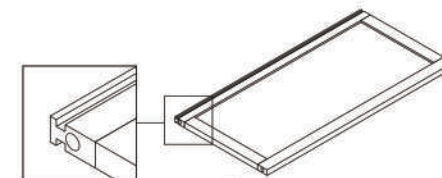

⑤ Wrench * 1

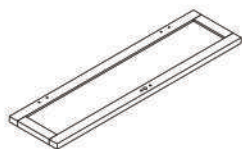

④ Short vertical rail * 1

⑦ Single-slot shelf board * 2

⑥ Double-slot shelf * 1

⑧ Doors * 2

⑨ Back panels * 2

⑩ Round rod * 1

⑪ Handles * 2

⑫ Hooks * 6

⑬ Hinges * 4

⑭ Metal plates * 2

⑮ Door stops * 2

A Long hex socket screws (15 pieces)

Black screws for mounting tree branches

E Phillips pointed-head screws

B Short hex socket screws (12 pieces)

C Shortest hex socket screws (2 pieces)

D Phillips flat-head screws (2 pieces)

F Hex socket flat-head screws (2 pieces)

G Nuts (2 pieces)

Friendly reminder: When aligning the door stops with the metal plates, do not tighten the screws too much. A slight play will significantly improve the magnetic hold!
