Base Type:E12
Light Source Included: NO
Voltage: 120VAC
Wattage: 60W

Package includes
1 x Chandelier
1 x Accessories Kit
1 x User's Manual

Installation Instructions
1. Lock the rod into the nipple on the lamp base and tighten it. Pull the wire taut and thread it through the small hook inside the metal cover and the loop of the lamp body, then pull it tight.
2. Hook the small hook on the center rod onto the small hook inside the metal cover.
3. Place the metal cover over the wooden frame and secure it with wood screws.
4. Secure the mounting plate to the junction box in the ceiling with screws.
5. Thread the chain and the fixture wire through the canopy and the canopy lock ring.Connect the fixture loop to canopy chain loop with the quick link. Close the link to secure it. Thread the fixture wire through the upper loop of the light fixture, the chain (approximately every three links), the canopy chain loop, the canopy lock ring, and the canopy. Tighten the wire. Gently slide the canopy lock ring and the canopy onto the chain.
6. Connect the fixture's positive, negative, and ground wires to the corresponding positive, negative, and ground wires in the junction box with wire nuts. Ensure no wires are exposed during wiring.
7. Slide the canopy through the canopy chain loop so it rests flush against the ceiling, then use the canopy lock ring to tighten and secure it.
8. Install the light bulb(bulb not included).
9. Turn on the power to check if the bulb is working properly.
Installation complete.

Note: please use this product accordingly to its intended purpose, do not retrofit or remodeling the product. The warranty does not cover if the failure is caused by the third party product, or natural disasters.
