

# LEED Green Building Submittal Sheet

## Specialty Solvent Cements

|                                                                  | Description of Section's Relevance                                                                                                                                                  | Blue Specialty Cements                                                                                                                                   | Multi-Purpose Cements                                                                                                                  | Special Weather Cements                                                                                                                                                               |
|------------------------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Product Offerings</b>                                         | Various product brands offered by Oatey SCS® that apply to information as follows.                                                                                                  | <ul style="list-style-type: none"> <li>Rain-R-Shine® Blue PVC</li> <li>PVC Blue Lava "Hot" Cement</li> <li>All Uni-Weld "Tite" Series Cements</li> </ul> | <ul style="list-style-type: none"> <li>ABS to PVC Transition Cements</li> <li>All Purpose or Multi-Purpose Cements</li> </ul>          | <ul style="list-style-type: none"> <li>Oatey® PVC Hot Weather Plus™</li> <li>Oatey® PVC All Weather Clear</li> <li>Hercules® Below Zero PVC</li> <li>Hercules® Wet Set PVC</li> </ul> |
| <b>Low Emitting Materials VOC Emission Limits</b>                | Strictest VOC regulatory limit in which governs the above products.                                                                                                                 | The strictest regulatory limit for VOC emissions regarding PVC cements is 510 g/L.                                                                       | The strictest regulatory limit for VOC emissions regarding Transition and All Purpose cements are 510 g/L and 325 g/l                  | The strictest regulatory limit for VOC emissions regarding PVC cements is 510 g/L.                                                                                                    |
| <b>Low Emitting Materials Product VOC Content</b>                | Best estimate of the actual VOC content within product in g/L or % by weight. Products with low VOC content may assist in earning LEED credit and improving air quality.            | Rain-R-Shine Blue PVC - 443 g/L<br>Blue "Hot" Lava – 454 g/l<br>Uni-Weld "Tite" series - 454 g/L                                                         | ABS to PVC Transition – 398 g/L<br>All-Purpose/Multi-Purpose < 325 g/l                                                                 | Hot Weather Plus PVC – 393 g/l<br>PVC All Weather Clear – 423 g/l<br>Below Zero/Wet Set PVC – 488 g/l                                                                                 |
| <b>Building Product Disclosure Recycled Content of Materials</b> | Recycled content used within product that may assist in earning LEED credit.                                                                                                        | There is no recycled content present in these products.                                                                                                  | There is no recycled content present in these products.                                                                                | There is no recycled content present in these products.                                                                                                                               |
| <b>PBT<sup>1</sup> Source Reduction Lead, Cadmium, Copper</b>    | Lead, Cadmium, and Copper content for use in determining LEED credit for PBT reduction.                                                                                             | There is no lead, cadmium, or copper present in these products.                                                                                          | There is no lead, cadmium, or copper present in these products.                                                                        | There is no lead, cadmium, or copper present in these products.                                                                                                                       |
| <b>Red List Content</b>                                          | Any red list materials as defined by the Living Building Challenge (LBC).                                                                                                           | These products contain polyvinyl chloride, which has been red listed by the LBC.                                                                         | These products contain polyvinyl chloride, which has been red listed by the LBC. All/Multi-Purpose also contain CPVC resin. (red list) | These products contain polyvinyl chloride, which has been red listed by the LBC.                                                                                                      |
| <b>Conflict Mineral Content</b>                                  | Any materials within the product that may be from the DRC (Democratic Republic of Congo).                                                                                           | No conflict minerals present in these products.                                                                                                          | No conflict minerals present in these products.                                                                                        | No conflict minerals present in these products.                                                                                                                                       |
| <b>Hazardous Substance Content (ROHS)</b>                        | Any substances contained within the product reportable per ROHS guidelines.                                                                                                         | No substances present which are reportable per ROHS guidelines.                                                                                          | No substances present which are reportable per ROHS guidelines.                                                                        | No substances present which are reportable per ROHS guidelines.                                                                                                                       |
| <b>Location(s) Where Manufactured</b>                            | Manufacturing location of the product pertains to its carbon footprint. If jobsite area is within 500 straight-line miles <sup>2</sup> of this location, LEED credit may be earned. | Locations of manufacturing:<br>Cleveland, Ohio<br>Omaha, Nebraska                                                                                        | Locations of manufacturing:<br>Cleveland, Ohio<br>Omaha, Nebraska                                                                      | Locations of manufacturing:<br>Cleveland, Ohio<br>Omaha, Nebraska                                                                                                                     |
| <b>Additional Information</b>                                    | Additional product information relative to LEED or environmental health and safety.                                                                                                 | No additional information available for these products.                                                                                                  | No additional information available for these products.                                                                                | No additional information available for these products.                                                                                                                               |
