ASSEMBLY RATING

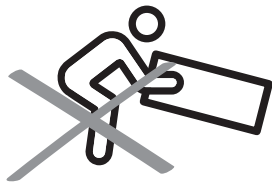

EASY —————> DIFFICULT

The Assembly Rating is a 5-point system showing the level of effort needed to assemble a specific product.

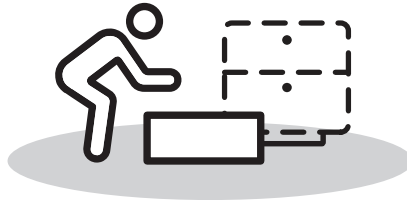

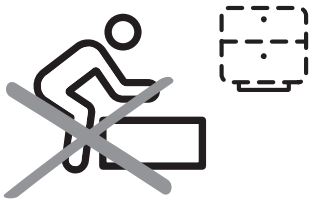

PRE ASSEMBLY INTRODUCTION

We understand building ready-to-assemble furniture can be a challenging experience for some. To help avoid confusion, we have provided some helpful tips that may speed up the process.

Teamwork

ALWAYS have at least two people to help with transporting and assembling the product to avoid potential injury and/or damage.

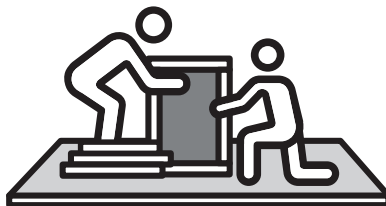

Suitable Location

Assembling near the area of the intended location is highly recommended.

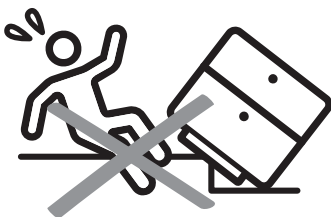

Sufficient Space

Make sure you have enough space to move around during the assembly.

Avoid Scratches

Use cardboard, blankets or a carpeted area while assembling furniture to prevent scratches.

Flat Surface

Make sure the furniture rests on a flat and level surface with each leg evenly touching the floor.

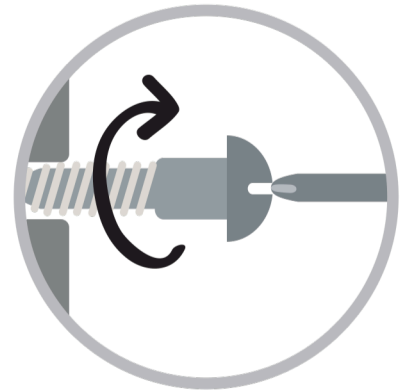

ASSEMBLY AND CARE ADVICE

**FAILURE TO FOLLOW THE GUIDELINES BELOW MAY
RESULT IN INJURY AND/OR PROPERTY DAMAGE.**

Position each part correctly
and insert screws or bolts into
their respective holes.

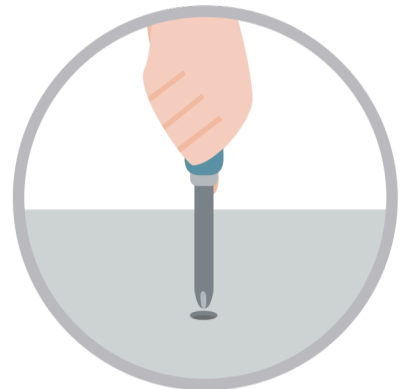

Turn clockwise to tighten and
only tighten when step is
completed or when instructed
to do so.

Save the instructions and store
any supplied tools for later
maintenance.

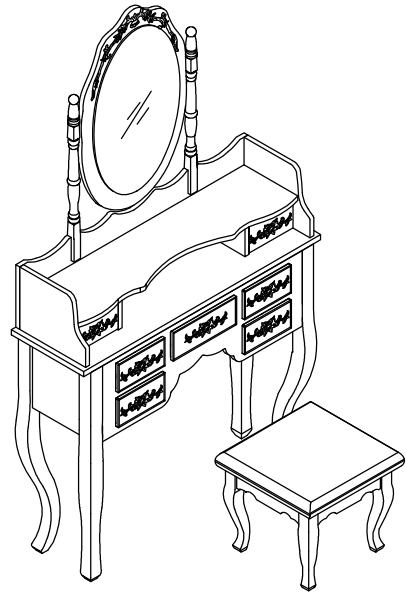

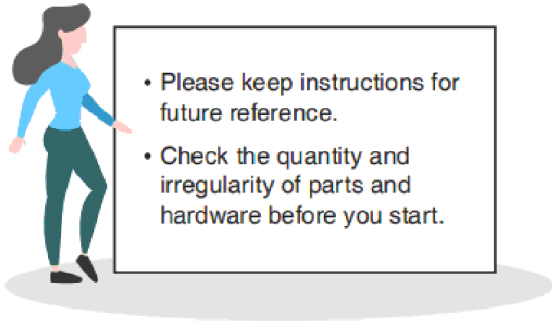

Use the appropriate hand tools
or power tools for assembly.
Select steps, such as tightening
screws and/or bolts, may require
hand tools to avoid causing
damage during assembly.

After two weeks, check and
tighten any loose hardware and
repeat again every six months
thereafter.

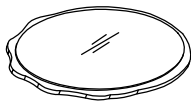

IT IS THE USER'S RESPONSIBILITY TO MAINTAIN THE FURNITURE. THE HARDWARE MAY LOOSEN OVER TIME AND MAY CAUSE THE FURNITURE TO BE WOBBLY AND UNABLE TO SUPPORT ITS INTENDED WEIGHT CAPACITY. THIS MAY LEAD TO COLLAPSE AND MAY CAUSE SERIOUS INJURY.

ASSEMBLY INSTRUCTIONS

1

1. Prepare 8 bolt assemblies by first inserting a lock washer (#B) onto the bolt (#A) then a flat washer (#C) onto that same bolt (#A).

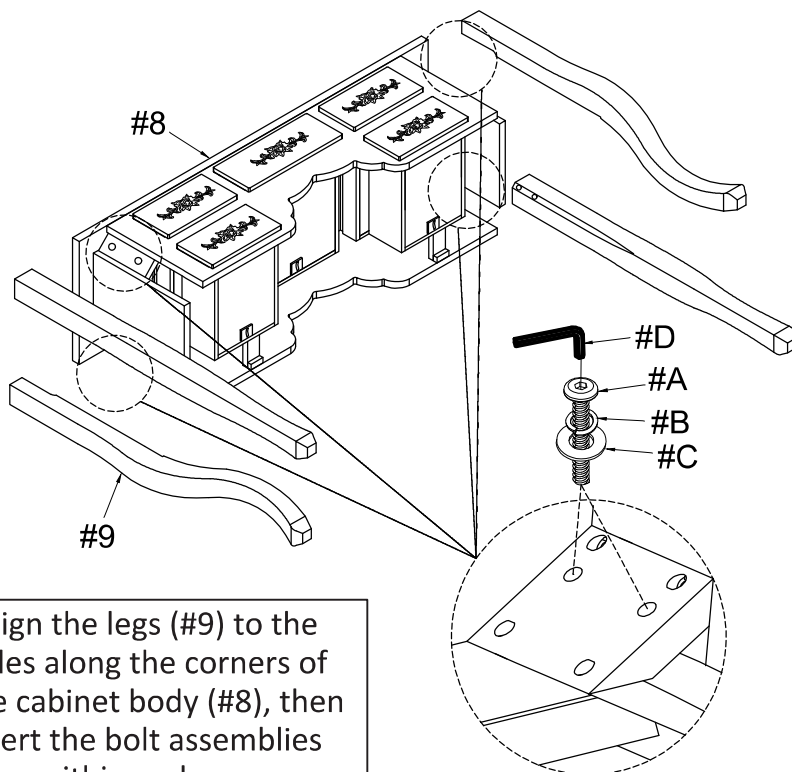

Part #8 x1pc

Part #9 x4pcs

Hardware #A x8pcs

Hardware #B x8pcs

Hardware #C x8pcs

2. Align the legs (#9) to the holes along the corners of the cabinet body (#8), then insert the bolt assemblies from within and secure using the Allen wrench (#D).

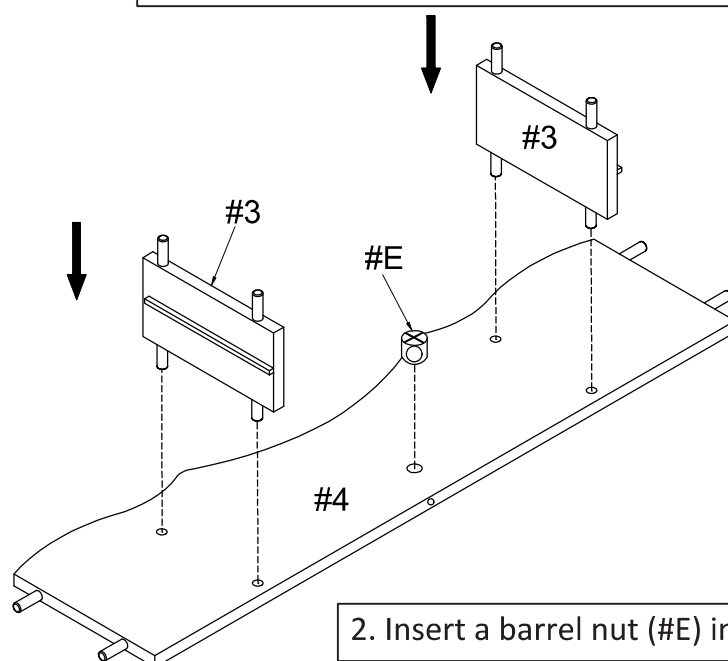

2

Part #3 x2pcs

Part #4 x1pc

Hardware #E x1pc

1. Insert the pins along the center panels (#3) into the holes along the top panel (#4).

2. Insert a barrel nut (#E) into the large hole.

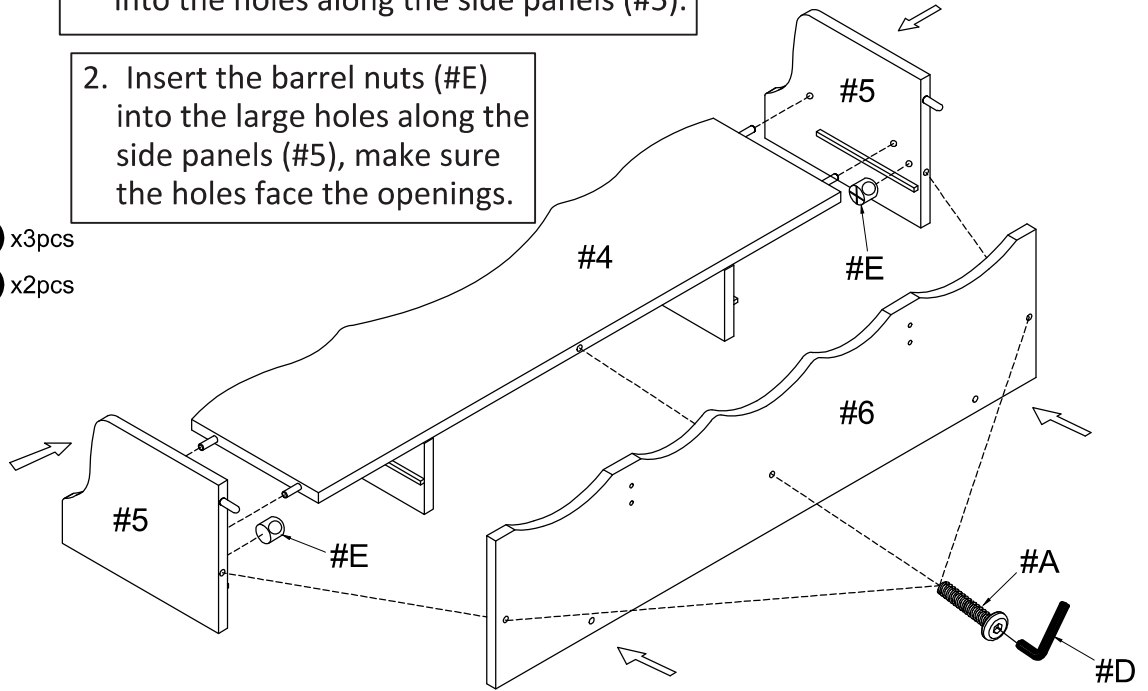

ASSEMBLY INSTRUCTIONS

3

Part **#4** x1pc
 Part **#5** x2pcs
 Part **#6** x1pc
 Hardware **#A** x3pcs
 Hardware **#E** x2pcs

1. Insert the pins along the top panel (#4) into the holes along the side panels (#5).

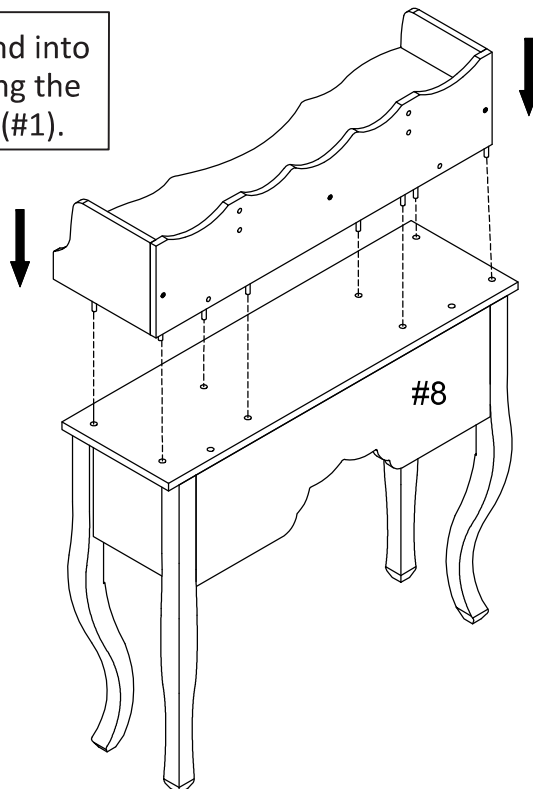

2. Insert the barrel nuts (#E) into the large holes along the side panels (#5), make sure the holes face the openings.

3. Then insert the bolts (#A) into the back panel (#6) and secure.

4

Insert each end into the holes along the cabinet body (#1).

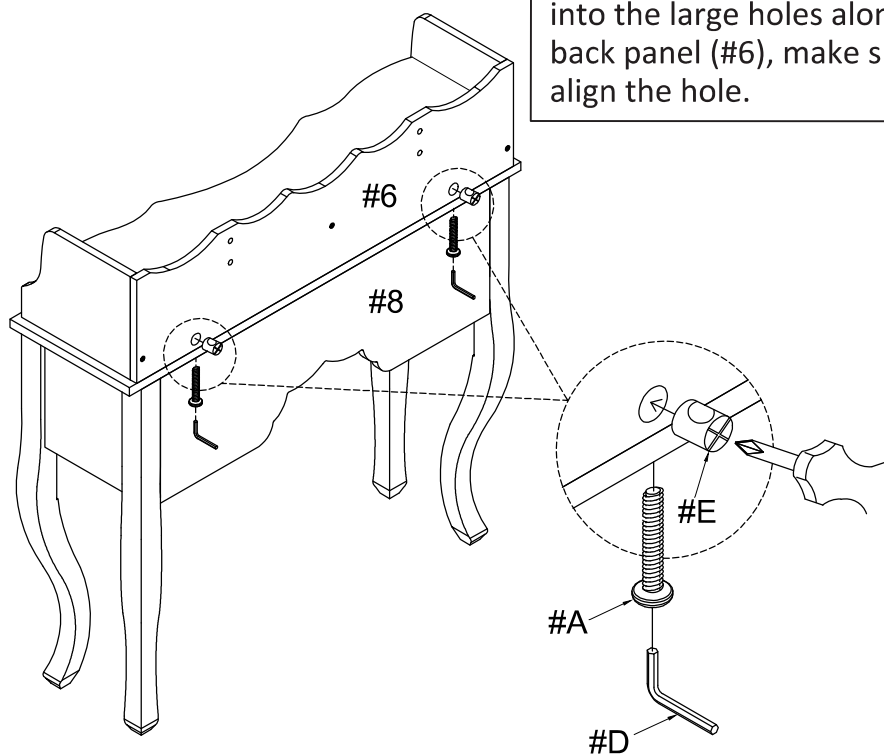

ASSEMBLY INSTRUCTIONS

5

Hardware **#A** x2pcs

Hardware **#E** x2pcs

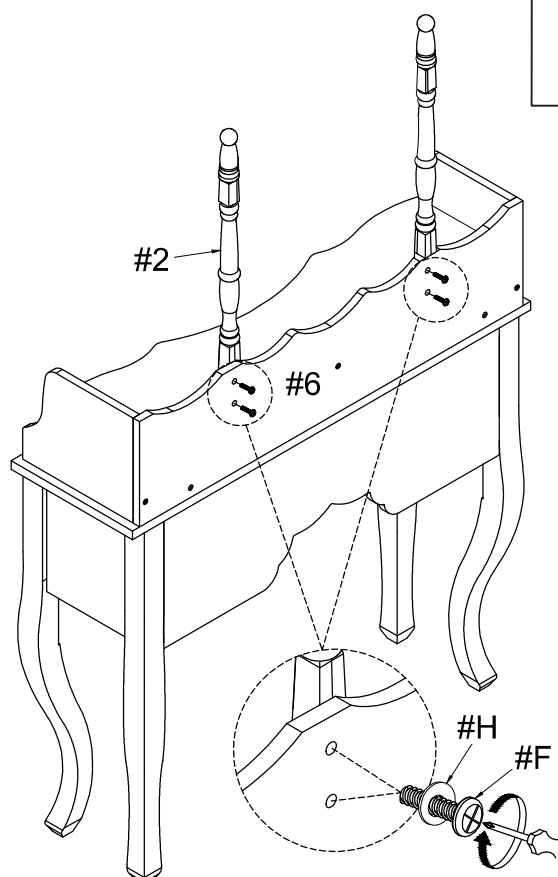

1. Insert the barrel nut (**#E**) into the large holes along the back panel (**#6**), make sure to align the hole.

6

Part **#2** x2pcs

Hardware **#F** x4pcs

Hardware **#H** x4pcs

2. Insert the bolts (**#A**) into the holes from beneath and into the nuts. Secure using the Allen wrench (**#D**).

Align the mirror supports (**#2**) to the holes along the back panel (**#6**), then insert a bolt (**#F**) with flat washer (**#H**) into each hole and secure.

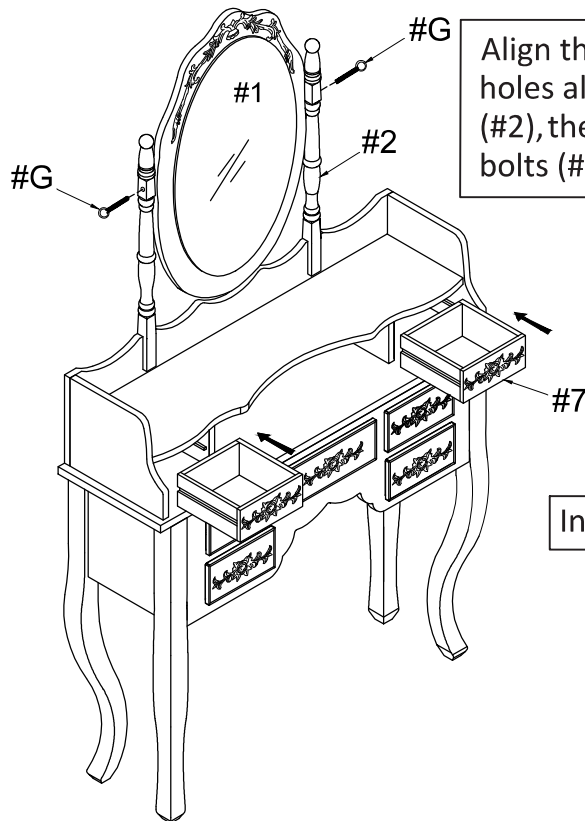

ASSEMBLY INSTRUCTIONS

7

Part **#1** x1pc

Part **#7** x2pcs

Hardware **#G** x2pcs

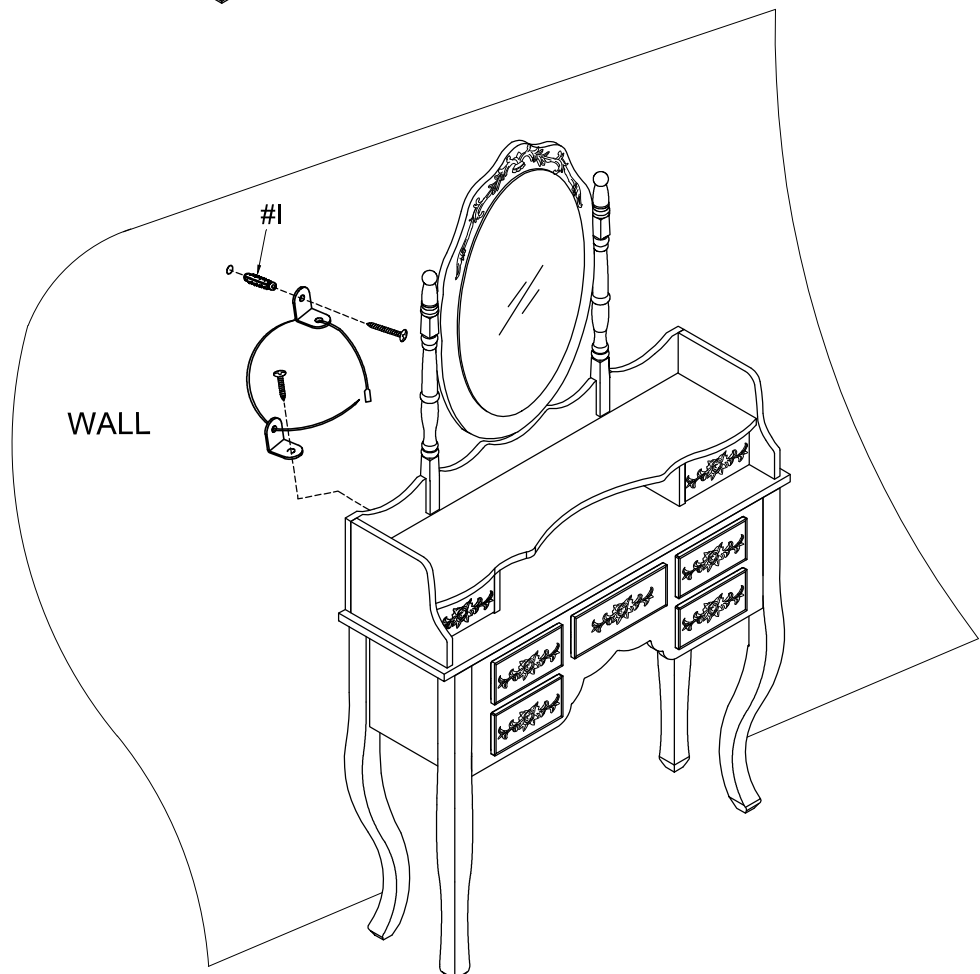

Align the mirror (#1) to the holes along the mirror supports (#2), then insert the mirror bolts (#G). Turn right to secure.

Insert the drawer top (#7)

8

Hardware **#I** x1SET

ASSEMBLY INSTRUCTIONS

9

Part #10 x1pc

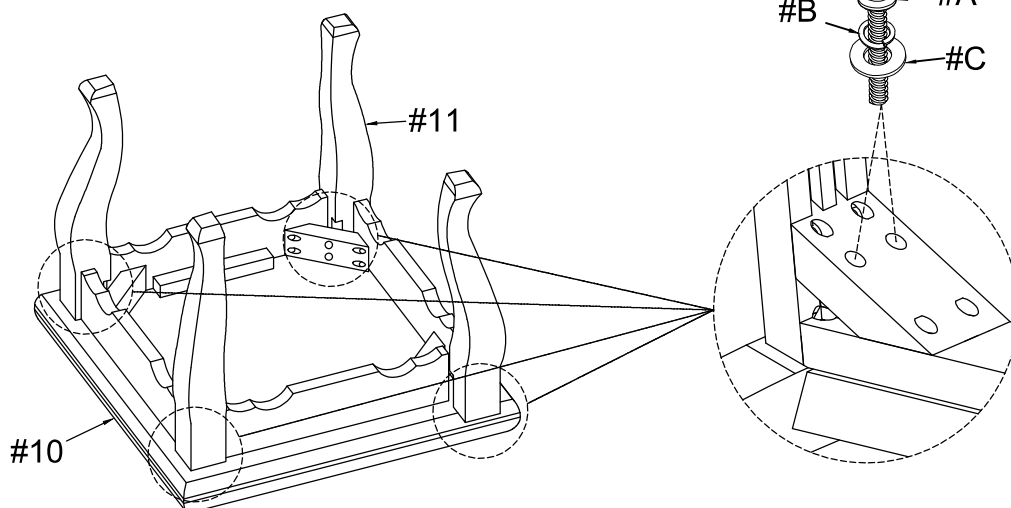

Part #11 x4pcs

Hardware #A x8pcs

Hardware #B x8pcs

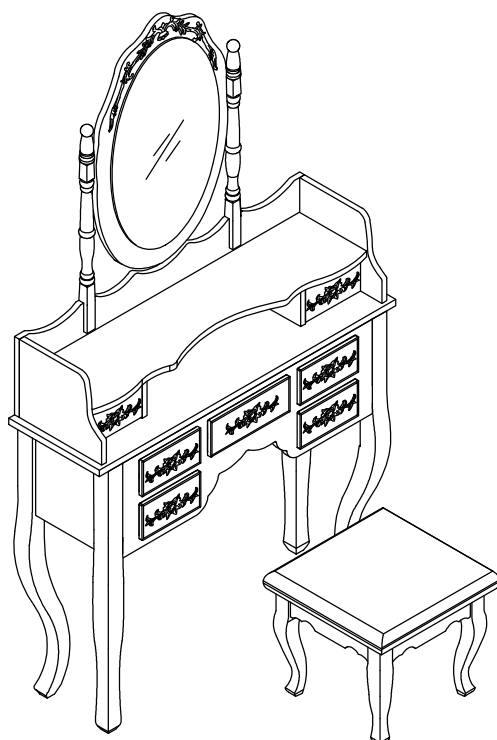

Hardware #C x8pcs

1. Prepare 8 bolt assemblies by first inserting a lock washer (#B) onto the bolt (#A) then a flatwasher (#C) onto that same bolt (#A).

2. Align the legs (#2) to the holes along the corners of the seat (#1), then insert the bolt assemblies from within and secure using the Allen wrench (#D).

10

ASSEMBLY COMPLETED

Please ensure the furniture rests on an even and flat surface. If the product wobbles or feels loose, double-check all bolts and/or screws are properly tightened and secured.

✓ Keep this handy!

Please retain this instruction manual and any order-related information for future reference.

✓ Lift, don't drag!

To avoid damage to product please always LIFT the product when transporting or adjusting the placement.

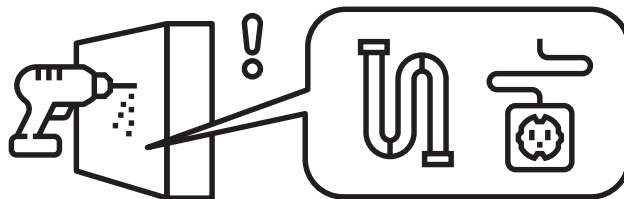

ASSEMBLY INSTRUCTIONS

Wall Mounting and Fixing

EXPANSION WALL ANCHOR

Our provided expansion wall anchors are only suitable for masonry walls, such as drywall, plaster or concrete, and are best for holding lightweight items or for anti-tip prevention. If you are unsure of the correct wall anchor to use with the product, please request professional guidance. Liability for product damage or failure due to using the incorrect anchors will fall on the installer.

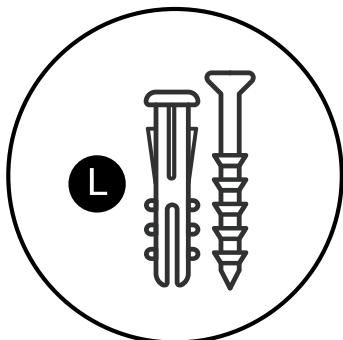

CHECK BEFORE PROCEEDING

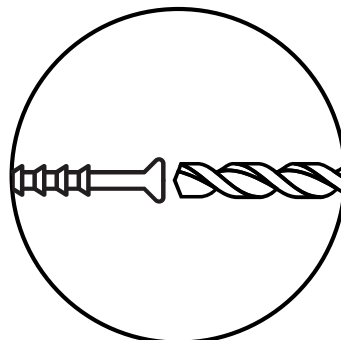

Prior to drilling or hammering, please check for wires or pipes. We recommend using a stud finder to locate a stud, which will offer more appropriate resistance and hold more weight.

QUICK TIPS

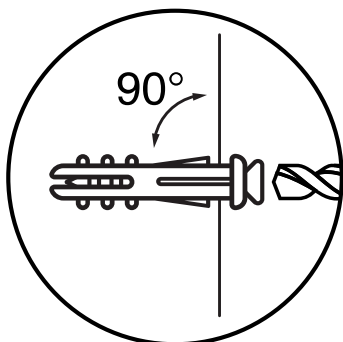

1. If unsure of the proper size, always choose a larger screw and wall anchor.

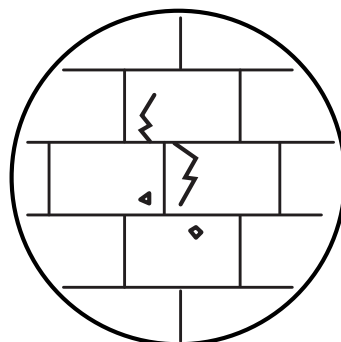

2. Match the drill bit to the wall anchor and hole size.

3. Only drill horizontally. Do not force the drill or enlarge the hole for the wall anchor.

4. Take extra care when drilling into high walls or ceramic tiles. Wall anchors should be a tight fit for the hole. Never use wall anchors in ceilings.

MAINTENANCE

Yearly
Check

We recommend a yearly check to see if the wall anchor or screw has loosened. If so, please remove the existing wall anchor and screw, and use a new anchor.
