- ⃠ Do not put your hands in the gaps between any component of chair.
- ⃠ Do not use on slippery floors.
- ⃠ Do not use when the product is used under a treat with loose bolts or screws, the chair may break. In addition, if there is the noise due to the loosening of bolts or screws during use, be sure to re-tighten it.
- ⃠ Please do not let the kid or baby sit on the chair alone.
- ⃠ Please do not modify the assembly position of the accessories at will.
- ⃠ Do not disassemble or lubricate the gas cylinder. It may explode and cause injury.
- ⃠ Please do not burn it. The high-pressure gas in the cylinder may explode or produce toxic gas.
- ● When no one on the seat do not operate the up/down adjustment lever. The seat or backrest may rise sharply and cause you injury.
- ● If the chair is obviously damaged, please stop use it Because the metal frame may be broken. You will be injured when you still use this chair.
