Leopold's Chair & Ottoman Set Leopold's Chair & Ottoman Set

Named for our Stickley co-founder, Leopold Stickley, and based on one of his favorite designs, Leopold's Chair and Ottoman are defined by deep, hand-crafted tufting and nailhead trim accents. The chair's distinctive, gently sloping back makes it extremely comfortable, especially when you put your feet up! And its wraparound arms, carved from the finest cherry, fit the curve of your hand like they were made for it. Available in two Rialto leathers with coordinating cherry finish and nail trim for Express Ship.
