STEP2

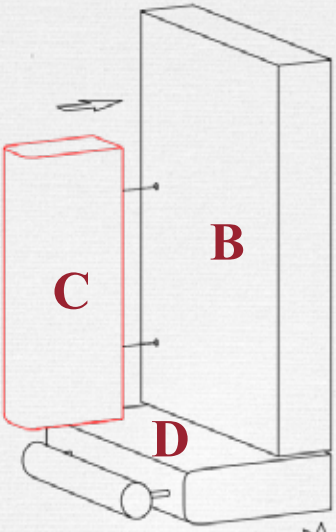

Place the sofa frame (B) on its side as shown, then align the screw holes on the backrest (D) with the holes on the sofa frame. Use the allen wrench (J) provided to tighten each screw with one spring washer (M) and one flat washer (L), make sure they are all correctly aligned before fully tighten the screws.

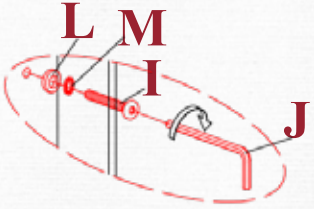

We suggest tightening the bolts for 30-50% first, make sure the process is correct and bolt holes are aligned, then fully tightening them all.

If you only purchased single part of the sofa, this hook will not be useful.
If you want to be combined with other sofa components
(ottoman, chair, chaise etc), this hook can be used. Just use this hook to fix two parts together from the bottom to prevent displacement while using the products.
