20" Integrated LED Circular Light

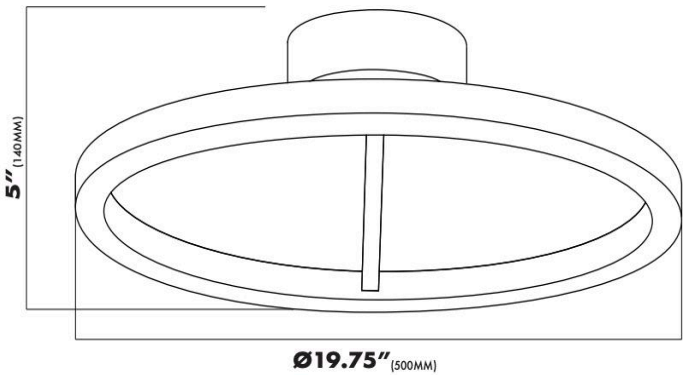

The 20" Circular LED Semi-Flush Mount Ceiling Light transforms a simple geometric form into a sophisticated architectural statement. Defined by its sculptural circular silhouette and intentional use of negative space, it creates a sense of openness and visual balance while the refined Silver finish complements modern and contemporary interiors. Its low-profile semi-flush design provides substantial visual presence without the drop of a traditional chandelier or pendant, making it an excellent choice for bedrooms, kitchens, hallways, living spaces, and contemporary interiors with standard ceiling heights. The integrated diffuser distributes smooth ambient illumination around the circular form for a clean, comfortable lighting effect.

FEATURES:

- Integrated LED fixture
- Sleek circular design in Satin Silver finish
- Dimmable LED (15%-100%) with ELV dimmers (dimmer not included)
- Compatible dimmers: ELV (Dimmer not included)
- Dry Location approved
- Residential & Commercial Application
