

# Installation Steps

## STEP 1

"Mark drill points with a ruler & pencil – choose horizontal or vertical layout."

## STEP 2

"Drill holes and attach the included 'Z' brackets firmly to the wall."

## STEP 3

"Hang the mirror onto the brackets carefully and secure in place."

# Power Connection Options

## Option 1 – Plug-in

"Simply plug into a nearby wall outlet."

## Option 2 – Hardwired

"Connect directly for a seamless look. (Must be done by a licensed electrician.)"
