 x2

Drill the hole with an electric drill and punch in the colloidal particles

4x45mm

Fix the dressing table to the wall

Smart Box Plug Power Off

Select English Language

Select the corresponding device to download.
Note: If the download fails,
please turn off the “Enhanced Protection”
in the Pure Mode settings of the device.

1

2

It turns blue after clicking

3

4

5

Unplug the smart box

6

7 Plug in the smart box power plug.

8

The appearance of this program icon indicates that the matching is complete

9

10

Now you can freely adjust the lighting according to your preferences

User's Guide

Thank you for purchasing this product.
To use this product, please plug it into a 12V DC power supply.
Please use if the product works normally after connecting to power.

Introduction

The box is an intelligent controller. With 4 touch buttons,
it can turn ON/OFF the light and turn ON/OFF the induction function,
change light colors, and adjust the light luminance.
The lights can be controlled through both the touch buttons and a dedicated app.

Operation

This touch button is used to turn the light on/off, adjust brightness, and switch the color of the lights.

- i. Single Click: Turn the light on/off.
- ii. Quick Double-Click: Switch between 7 static RGB colors.
- iii. Long Press (2+ seconds): Adjust the light luminance.

This touch button is used to turn on/off the induction function.

- A.touch this button once to turn on the induction function (indicator light on).
After the person leaves or remains stationary for more than 30 seconds, the light strip goes out; people and objects within a range of 1 meters move will light up the light strip.

B. Long press this button for 0.5 seconds to turn off the human body induction function(the indicator light goes out).

At this point, Keep the light strip as it was before turning off and no longer be affected by humanand object activities.
By default, induction function is enabled when powered on.

This touch button is the Dynamic Phantom Color Mode, which includes 5 magical lighting effects.
Simply tap to cycle through the options.(Attention:This mode cannot adjust the brightness)

This area controls the color switching function.
You can tap or slide to any color bar position to change the color.
