

# Tyler VII Curio 680646

Put your valuables on display with this classic Howard Miller Curio Cabinet, proudly made in the USA.

**Cabinet Design:** This cabinet features a Golden Oak wood finish on select hardwoods and veneers. Beveled glass on the front and sides of this cabinet allows for easy visibility of your displayed items. The locking front door can slide in either direction for convenient access, with a handy key holder, so you don't lose your key. Lighting at the top of the cabinet provides brighter, whiter, longer-lasting light to illuminate your collectibles. Our No-Reach™ roller light switch for the interior light is conveniently located on the back of the cabinet, so you can access it without having to open the cabinet up every time you want to turn on the light.

**Storage:** A glass mirrored back enhances the view of your items so you can see the front and back of your items without removing them. There are six adjustable glass shelves with seven levels of display and continuous holes for shelf adjustment, providing versatility for your uniquely sized items. Unnoticeable to the eye are conveniently placed, hidden plate grooves that allow for the vertical display of your plates.

**Safety:** Our Pad-Lock™ cushioned metal shelf clips increase stability and safety. Adjustable levelers are located under each corner to provide stability to your cabinet so that you don't have to worry about uneven or carpeted floors.

**Howard Miller:** Founded in 1926 and family-owned in its third generation, Howard Miller is the world's leading clock company and a respected brand name in fine specialty furnishings such as curio cabinets, wine & bar furnishings, custom storage cabinets, and adjustable height desks.
