

# Folding Adirondack Chair

## Assembly Instructions

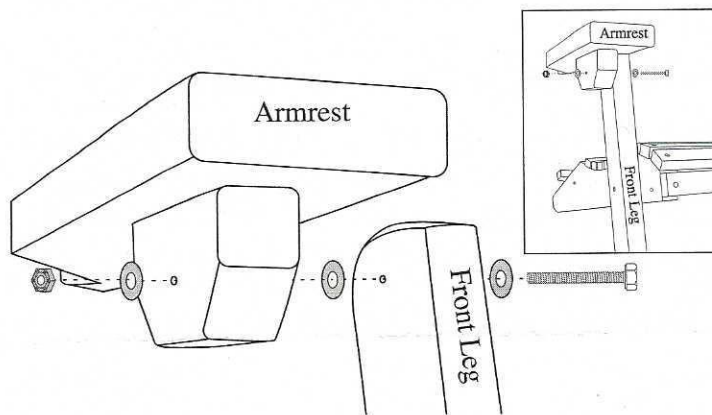

### Parts List

\* Tools required: 7/16-inch wrench, hammer, #2 square driver bit

### 1. Armrest to Front Leg Assembly

Select proper armrest. (Straight edge goes towards seat)  
Insert a machine bolt through seat-side hole of front leg near rounded end. Place one washer on bolt before attaching leg to block beneath armrest. A second washer is placed on the bolt before a locking nut. Repeat on other side.

### 2. Front Leg to Seat Assembly

Insert a machine bolt through outside center hole of front leg. Place one washer on bolt before attaching leg to front hole of seat assembly. A second washer is placed on the bolt before a locking nut. Repeat on other side.
