The curvaceous sides and the ornamented stretcher of the Agora Peppercorn Bench are made of iron in a rustic bronze finish. The upholstered top, covered in a F0218 Calcutta Peppercorn fabric softens the profile of the black bench. The fabric is made of 100 percent polyester with a cleaning code: S. We also offer this bench in muslin so that it can be upholstered in a customer's own material; and the Agora family of products includes other upholstered pieces and a console table with a concrete top.
