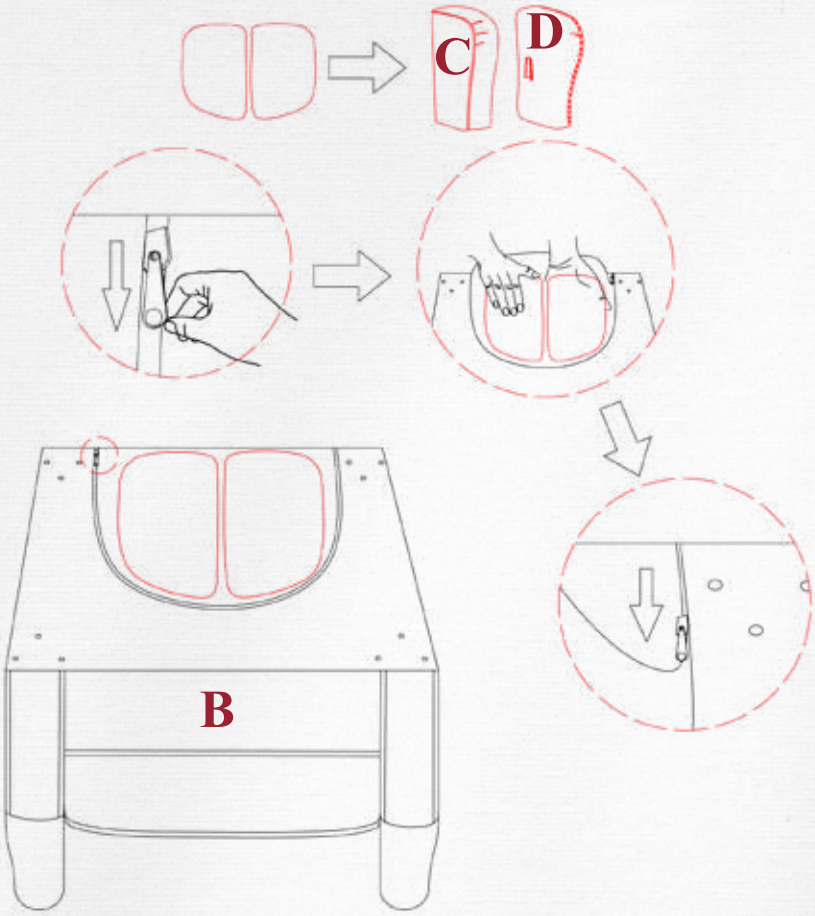
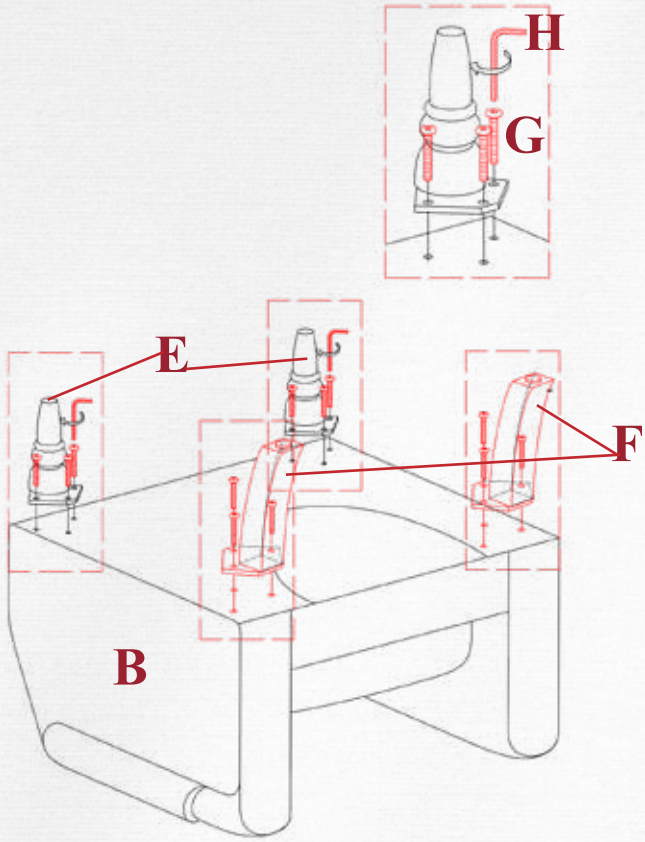
STEP1

Take out the right wing and left wing (C & D) from the bottom of the seat frame (B) as shown.



STEP2

Install all four legs (E & F) onto the seat frame (B), use the allen key (H) provided to tighten the bolts (G). Make sure all the bolts are aligned before fully tightened.



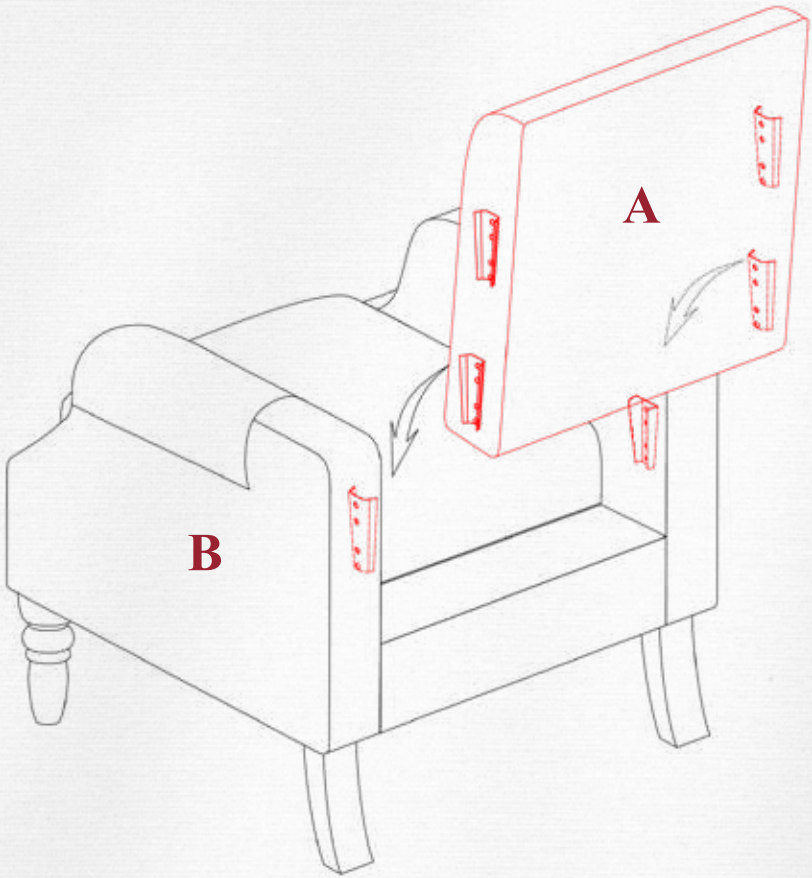
STEP3

Place the backrest (A) between the two armrests, align the metal connectors on the lower sides of the backrest with those on the inner sides of the armrests, then press firmly on the top of the backrest until the connectors are fully inserted.

Tip: Gently push the armrests apart or pull them closer together if insertion is difficult — this is a common variation in handcrafted products, not a quality issue.

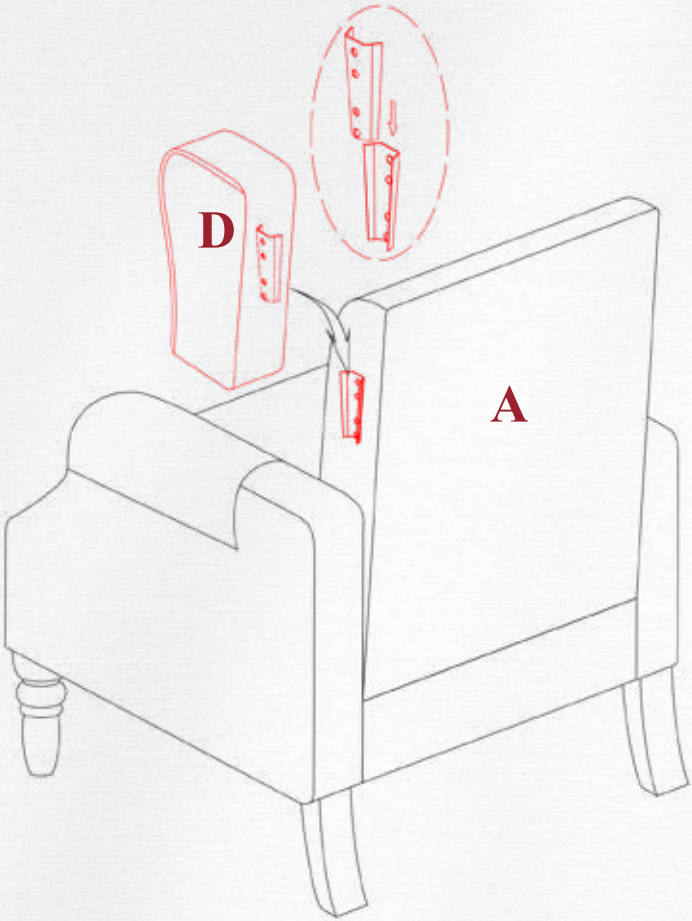
Tip: Handle with care during installation to prevent the metal connectors from damaging the fabric.

Tip: If a gap remains, press the backrest down, or place a book or wooden block on each side and tap gently with a hammer to lock the connectors in place.



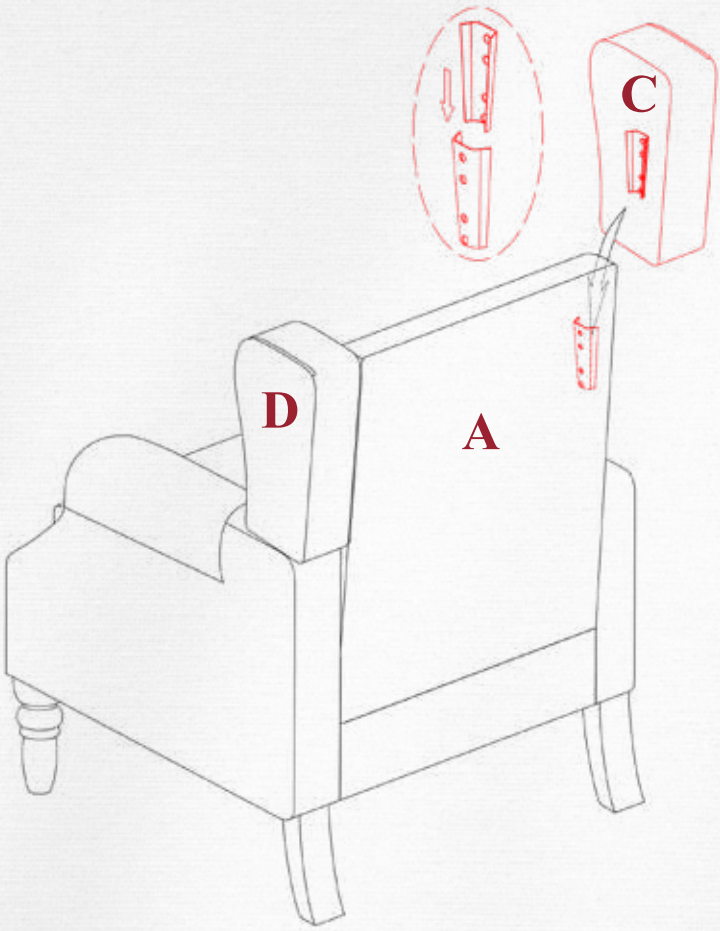
STEP4

Align the metal connectors on the inner side of each wing (D) with the connectors on the upper sides of the backrest (A), then press horizontally toward the backrest while pressing down on the top of the wing until the connectors fully insert into place.



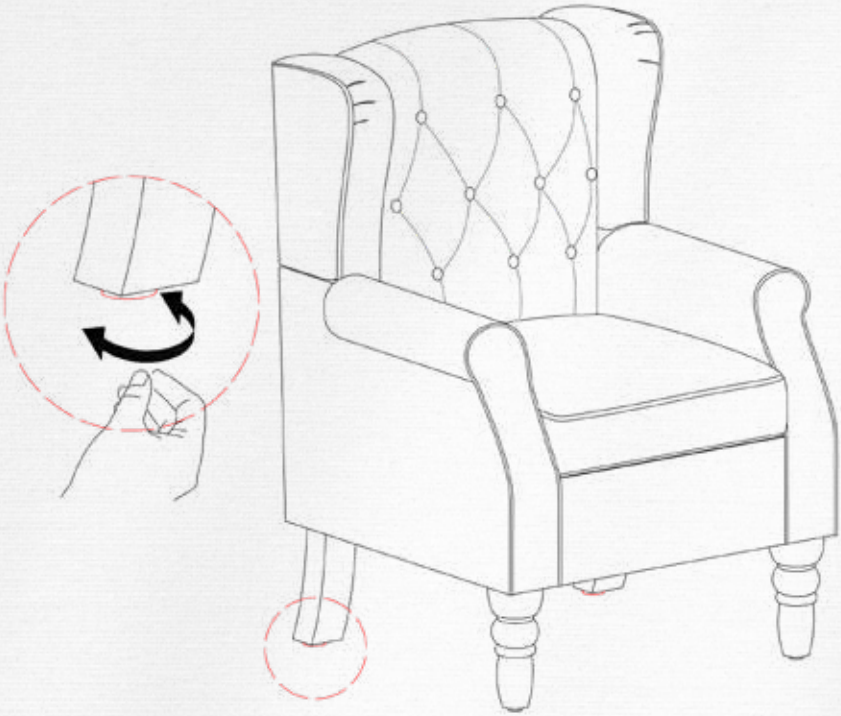
STEP5

Install the right wing (C) to the backrest (A) by sliding the connector into the slot on back as shown, simultaneously press down from the top of wing until it is fully assembled.



STEP6

Please note: the legs of the chair can be adjusted by twisting the leveler on the tip of the legs as shown, it can help you use this chair on ground that is not flat, please check before you use the chair.



STEP5

Place the chair properly and tidy it up to make it look nice.
Assembly is complete.Thank you for choosing our product!
Please enjoy!
