

## Installation steps:

- 1. Attach the Bent Tubes:** Securely fasten the 6 bent tubes (1) to the lamp body using the hex nuts (2). Make sure to adjust the tubes so they are aligned correctly.
- 2. Install the Flat Cover:** Use the small outer ring (4) to securely lock the flat cover (3) onto the lamp body.
- 3. Attach the Circular Frame:** Screw the circular frame (5) tightly onto the lamp body.
- 4. Secure the Downrod:** Screw the downrod (6) into the circular frame.
- 5. Connect the Chain:** Attach the hanging chain (7) to the hanging ring.
- 6. Connect Wires:** Pull the power supply wires from the junction box. Connect the wires using wire nuts (8) as follows:
  - Connect the black (live) wire from the light fixture to the live (positive) wire from the power supply using a wire nut.
  - Connect the white (neutral) wire from the light fixture to the neutral (negative) wire from the power supply using a wire nut.
  - Connect the green ground wire from the fixture to the household ground wire.
 \* Ensure no bare wires are exposed to prevent electrical hazards.  
 \* Carefully tuck the wires back into the junction box.
- 7. Mount the Bracket:** Use the screws (9) to fix the mounting bracket to the junction box.
- 8. Attach the Canopy:** Secure the canopy (10) to the mounting bracket by tightening the outer ring (11).
- 9. Install the Bulbs:** Install the light bulb (bulb not included).

## Safety Instructions:

- To avoid fire, shock, and serious personal injury, follow all instructions carefully.
1. Do not install or use the light fixture if any part is missing or damaged.
  2. To avoid possible electrical shock be sure electricity is turned off at the main fuse or circuit breaker box before wiring.
  3. Make certain no bare wires are exposed outside the wire connectors.
  4. All wiring must conform to national and local electrical codes.
  5. Follow the recommended instructions for the proper method of wiring your new light fixture. If you feel you do not have enough electrical wiring knowledge or experience, have your light fixture installed by a licensed electrician. Any electrical work not described in this manual should be performed by a licensed electrician.
