

Ovente 3-Station Slow Cooker & Buffet Server (SLO315CBR)

Key Features

3-Station Design – 3 individual stations each with its own independent heating element allow you to slow-cook 3 different dishes at the same time.

Temperature Control – Each individual station allows you to select from 3 temperature settings: Low, High and Keep Warm.

Keep Warm Setting – Take advantage of the Keep Warm setting to easily go from slow cooking your favorite dishes to serving them buffet-style.

Indicator Lights – Individual indicator lights for each station let you know that your slow cooker is working.

1.5-Quart Pots – Three individual ceramic pots easily remove from main unit to make clean-up easy.

Cool-Touch Lids – Borosilicate glass lids with cool-touch knobs make for safe handling and serving, and provide a clear view of your food.

Lid Rests – Keep your countertop free and clear by taking advantage of the integrated lid rests. This handy addition makes serving easy, and the lid rests remove from main unit for easy clean-up.

Stainless Steel Construction – Built to last and easy to maintain. Brushed stainless steel finish works great with any décor.

Stylish Design – Sleek styling makes for a great-looking addition to your countertop. For larger meals and gatherings, combining multiple units makes for an impressive buffet-style setting.
