

User Manual

Minimalist Levitating
LED Lamp

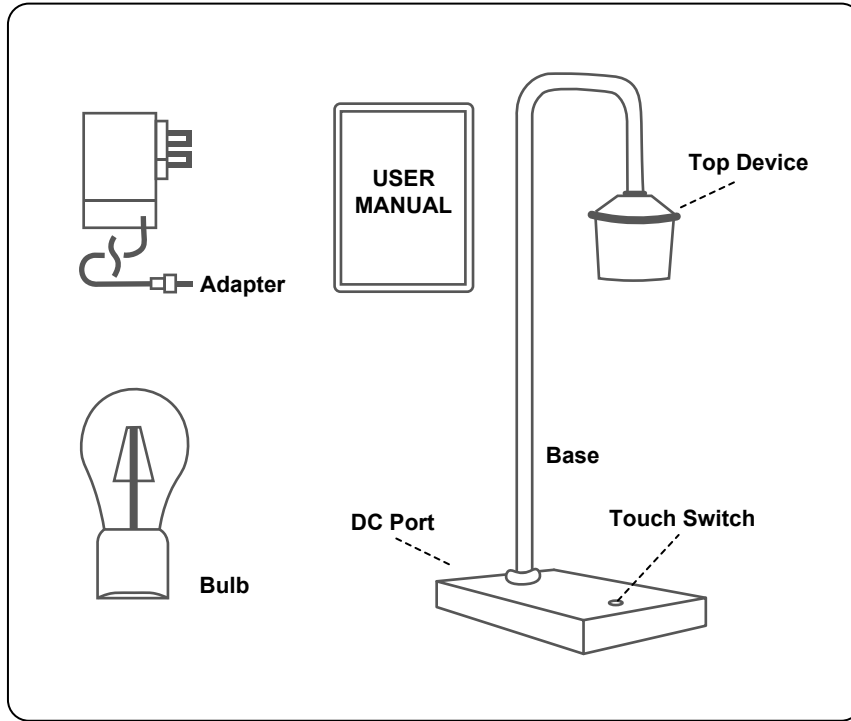

Thank you for shopping, we really appreciate your business. Our goal is to provide an excellent customer service before, during and after delivery. We've included a guide on how to install this lamp, should you require additional assistance please feel free to email us and one of our customer service reps will reach out to assist you.

WARNING!

1. Do not use the power supply beyond the specified range (100-240V).
2. Avoid scratching the surface and wires of the lamp during installation.
3. Do not install the lamp outdoors.
4. The lamp should not be close to corrosive chemical objects or gases.
5. It should not be washed with water. It can only be wiped with a clean soft cloth.

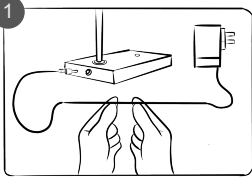

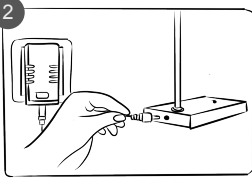

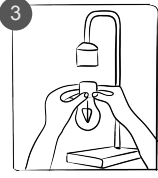

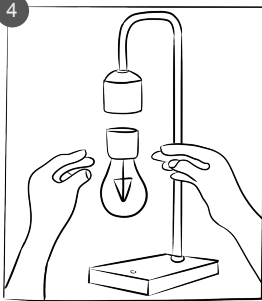

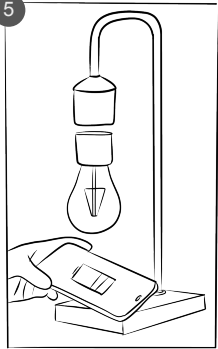

What's in the box:

- ① Base x 1
- ② Adapter x 1
- ③ Bulb x 1
- ④ User manual x 1

SAFETY INSTRUCTIONS

1. Remove all metallic items from your hands and in the vicinity before using the product.
2. The Lamp is made for indoor use only and in areas where the ambient temperature is between $-5^{\circ}\text{C}/22^{\circ}\text{F}$ and $35^{\circ}\text{C}/95^{\circ}\text{F}$.
3. Do not get the product wet or use the product in wet surroundings. If the product comes into contact with liquid, turn it off immediately.

The product base should be placed on a flat surface and should not be placed on surfaces or materials with magnets, as they may interfere with the product's operation.

<p>1</p>		<p>Place the base on a flat surface, connect the cable to the DC input of the base, and plug the adapter into your outlet (100-240VAC).</p>
<p>2</p>		<p>Hold the magnetic bulb about 3 inches below the hanger and slowly move it upward. You will feel the magnet lock the bulb into place once it's close enough. You can then release the bulb.</p>
<p>3</p>		
<p>4-5</p>		

OPTIONAL WIRELESS CHARGING

If your lamp has wireless charging capabilities, place your phone on the base marked with the Qi charging symbol, and your phone will begin charging immediately. If charging does not initiate, try repositioning your phone. The wireless charging pad is compatible with all compatible wireless charging phones.

TIPS

- It might take some practice to operate the lamp correctly at first. If you encounter difficulties getting the bulb to levitate, don't be discouraged; simply try again. You will soon find the balance point easily.
- When attempting to levitate the bulb, if you haven't found the balance point, the bulb may fall when you release your hand. Be prepared to catch the bulb or place a soft surface below to avoid damaging the product.
