-  I Hardware Pack - 1

HARDWARE INCLUDED IN/BARE SPES

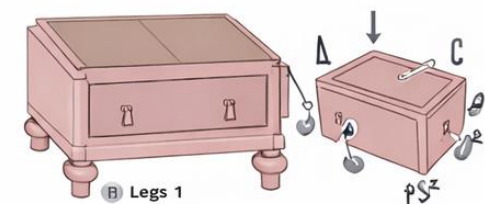

Step 1: Prepare the Nightstand Body

- Place the nightstand body (A) upside down on a soft surface.
- Inspect pre-installed guides and alignment holes.

Step 2: Attach the Legs

- Align each leg (G) with the pre-drilled holes at the base.
- Insert and tighten screws using the Allen key.
- Ensure all four legs are securely fastened and evenly aligned.

If any parts are missing or damaged, do not proceed with assembly and contact the supplier

Step-By-Step Assembly

Mount the Nightstand Body:

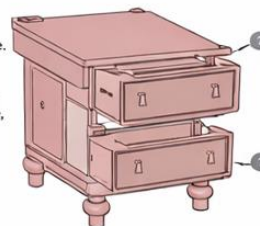

- Place the nightstand body (A) upside down on a soft surface.
- Inspect pre-installed guides and alignment holes.

Attach Legs

- Align each leg (G) with the pre-drilled holes at the base.
- Insert and tighten screws using the Allen key.
- Ensure all four legs are securely fastened and evenly aligned.

Mount Top Panel:

- Position the top panel (B) with the frame.
- Secure using cam locks or screws from the base, pre-drilled.

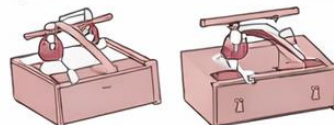

Step 2: ASSEMBLE THE LEGS/LEGS

- Attach drawer side panels (D) to the drawer front panel (C) using screws and dowels.
- Slide the drawer bottom panel (F) into the grooves.
- Attach the drawer back panel (E) and secure all joints.
- Tighten all fasteners to ensure stability.

Step 3: Attach Drawer Handles

- Align the handles/knobs (H) with pre-drilled holes on the drawer front.
- Insert screws from the inside of the drawer front and tighten securely.

Step 5: Insert the Drawers

- Gently draw drawers with the nightstand and frame.
- Gently slide each drawer into place until fully seated.
- Ensure smooth opening and closing motion.

Care & Maintenance.

- Clean with a soft, dry cloth. Avoid harsh chemicals.
- Do not overload drawers beyond intended capacity. It...
