What Makes This Chair Different?

Ultra-Strong Frame	Frame does not need to be retightened. And no assembly is required.
Color-Matching Resin	The ToughResin™ chair series is not painted so exterior surface maintenance is easier. The ToughResin™ chair series has the color mixed directly into the resin so scratches are more difficult to detect.
Resin Density	High density resin for exceptionally durable chair.

Manufacturing Our manufacturing process guarantees that no parts of the chair will ever loosen up and eventually wobble.

Built with Only NEW Resin!

Perfect for indoor and outdoor events.

Our resin Willow Chair has a non-stick, anti-static finish.

Save time and money with reduced maintenance.
