The HOOVER® ONEPWR™ Cordless High-Performance Blower puts the power in your hands and helps you tackle any hard surface and yard clean up with maximum performance and control. The heavy-duty turbo fan design offers all-out power and cord-free performance with speeds up to 95MPH and 270CFM. With its variable speed control and ergonomically designed handle, you're able to eliminate those challenging messes with ease, comfort and confidence. Cover it all with power and unmatched performance for any outdoor space. Put the power in your hands!

The High-Performance Blower is part of the HOOVER® ONEPWR™ cordless cleaning system, an innovative family of cord-free, high-performance cleaning products that share the same powerful Lithium-Ion battery for cleaning in and around the home. From hard floors and carpets to upholstery, patios and more, there is a HOOVER® ONEPWR™ product to help you get a complete clean without being tethered to a cord. Power up today and shop the full HOOVER® ONEPWR™ Cordless System [HERE!](#)
