A

B

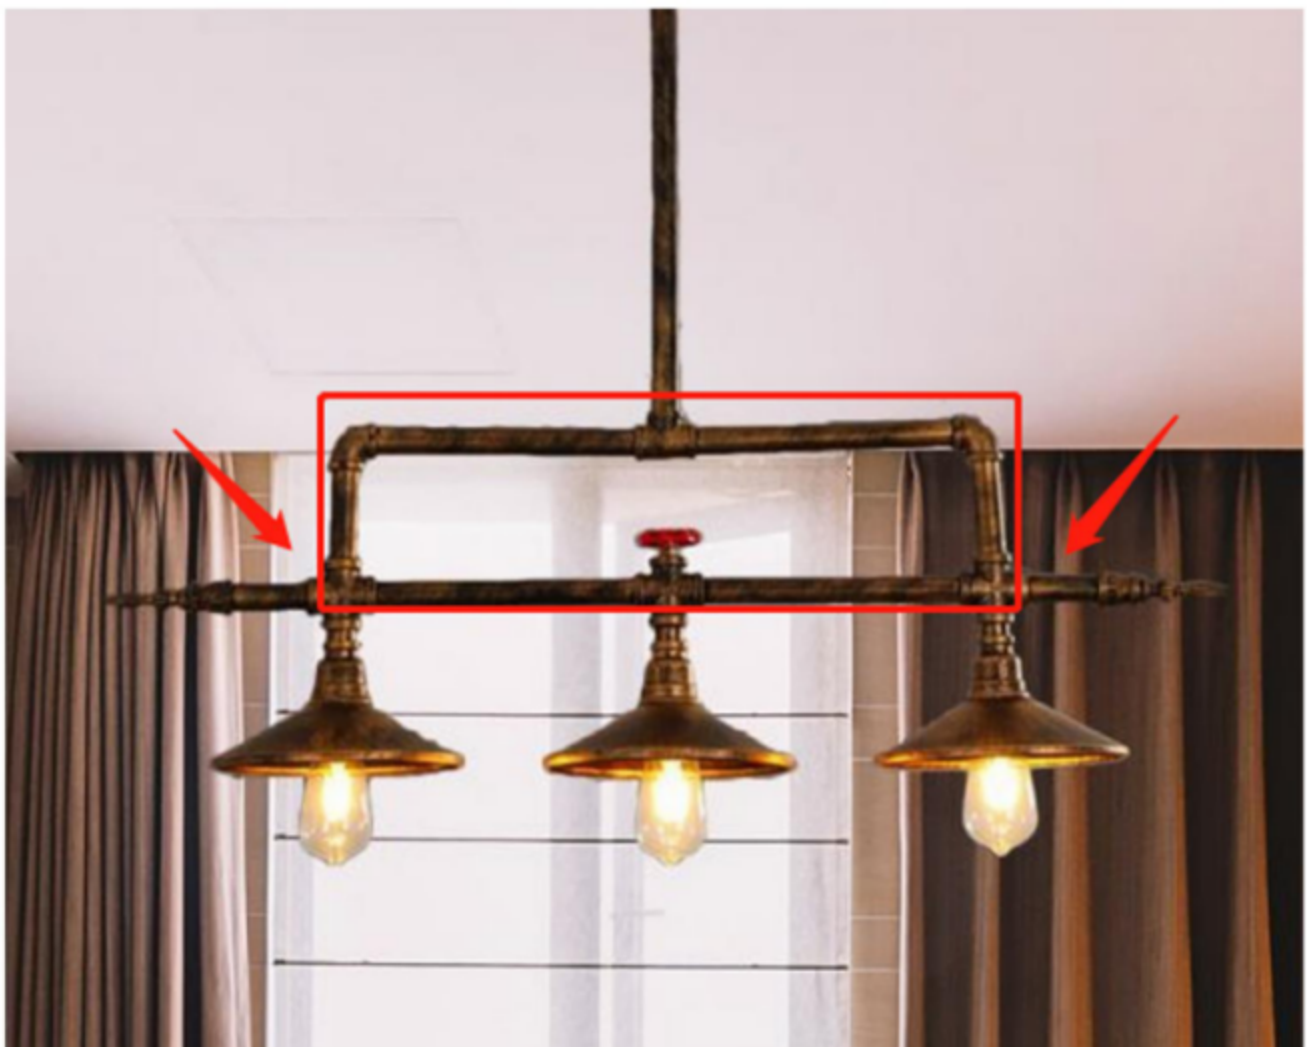

C

D

STEP 1

Assemble Connecting Rods(C).

STEP 2

Secure the Metal Shade(B) to the Connecting Rods(C).

STEP 3

Connect the Hanging Rod(A) to the Connecting Rods(C).

Connect the Hanging Rod(A) to the Ceiling Canopy(D).

STEP 4

Determine the installation position of the lamp body on the ceiling and drill holes.

STEP 5

Hold the fixture close to ceiling.

Connect the wires of the lamp body to the reserved wires at home.

There is no need to distinguish between positive and negative poles when wiring.

STEP 6

Fix Ceiling Canopy (D) on the ceiling with expansion screws.

Your fixture is now assembled and ready to use.
