INSTRUCTIONS FOR USE:

1. Never force the connections. Re-tighten the screws after few days.
2. Keep the Instructions Al leaflet, it contains information when claiming for missing parts.
3. Ensure to not exceed the maximum loading weight for a safe usage. Avoid jumping on or applying excessive pressure to the product to prevent structural damage.
4. Do not move loaded furniture.
5. Wood is a natural material, each piece of wood is unique. It is therefore normal that its appearance shows variations in colour and appearance.
6. Exposed to the sun, the wood will naturally turn gray over time and, in the more or less long term, depending on the exposure conditions, present micro-cracks which will not jeopardize the solidity of the product.

STORAGE AND CLEANING:

1. Outdoor furniture can be cleaned with soap and water. Rinse the furniture with clean water.
2. Always store the dry and clean product at room temperature. If the product becomes wet, allow it to dry thoroughly in a dry, well-ventilated area before using it again.
3. Do not cover hermetically the product, this way locks the humidity and can cause stains and wood deformation.
4. For any specific maintenance or renovation product, check the compatibility of the products you apply with the support to be maintained.
5. Refer to the instructions for use of the maintenance product.
6. Use a furniture cover whenever possible to protect it from the elements and dirt.
7. Clean fabric outdoor furniture using washine machine with gentle cycle.
8. To avoid shrinkage, stretch back over the frame before the fabric is completely dry.
9. If the steel isn’t stainless, wipe it carefully to avoid rust.
10. Keep away from open flames or hot objects to avoid fire hazards.
11. Keep children and pets away from sharp parts of the product to prevent potential injuries.
