

Pillar

Model: Pillar64, Pillar70, Pillar76

CONCEPT

The Pillar fireplace surround embodies understated luxury through disciplined form and refined detailing. Sculpted vertical lines and a crisply defined edge lend the piece a sense of permanence, while its balanced proportions evoke classical architecture with a distinctly modern sensibility. Designed to anchor the room with quiet confidence, the Pillar delivers a sophisticated focal point that feels both timeless and tailored.

DETAIL

The Pillar comes in three sizes. All of our surrounds will be made to the firebox height you provide to us (D), up to 42". And with the use of our side filler panels, the Purist fits almost any fire box opening.

	A	B	C	D- up to 42"
Pillar 64	64"	D + 14"	36"	
Pillar 70	70"	D + 14"	42"	
Pillar 76	76"	D + 14"	48"	

If your fire box opening is different, please choose the next larger size and we will provide side filler panels. Hearth not included, sold separately.

The Pillar is made from high strength concrete. ¾" thick throughout. One-piece surround. Hearth sold separately.
